Art Focus: Cubism

Taking inspiration from Cubism, Picasso and Braque especially why not create a mixed media cubist piece!

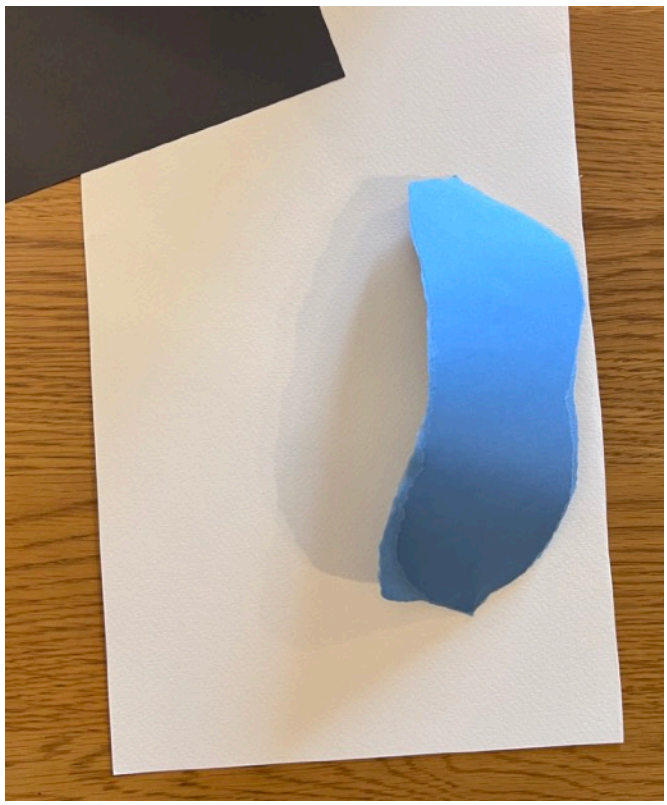

Tools and Materials:

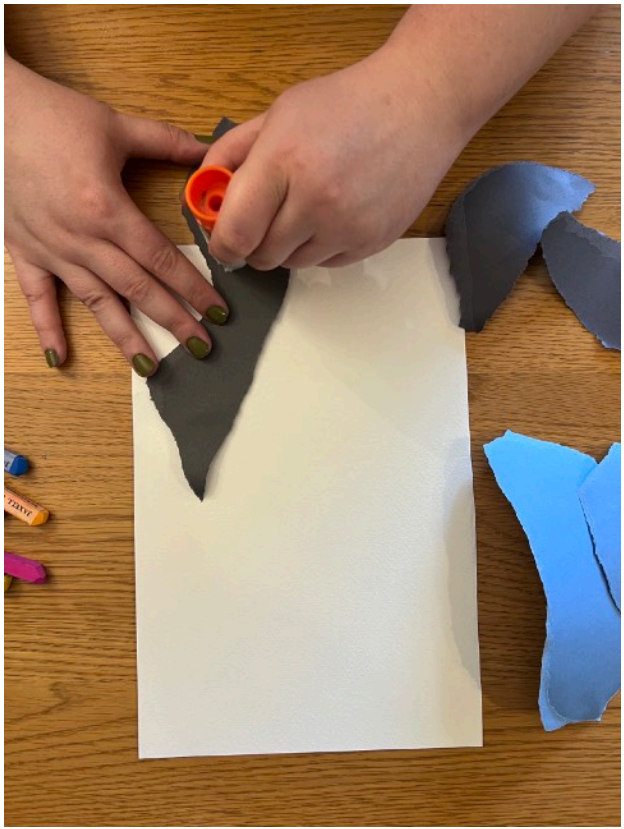

- Coloured Paper
- White Paper
- Gluestick
- Chalk Pastels

Taking inspiration from earlier Cubist works by Braque and Picasso such as - “Baluster and Skull” Brauque, “Bottle of Vieux Marc, Glass, Guitar and Newspaper” Picasso - or any mixed media cubist collage, but do have a look online as a visual reference! First of all you want to create your collaged background to draw on - rip different pieces of paper up to then stick to your white paper like so

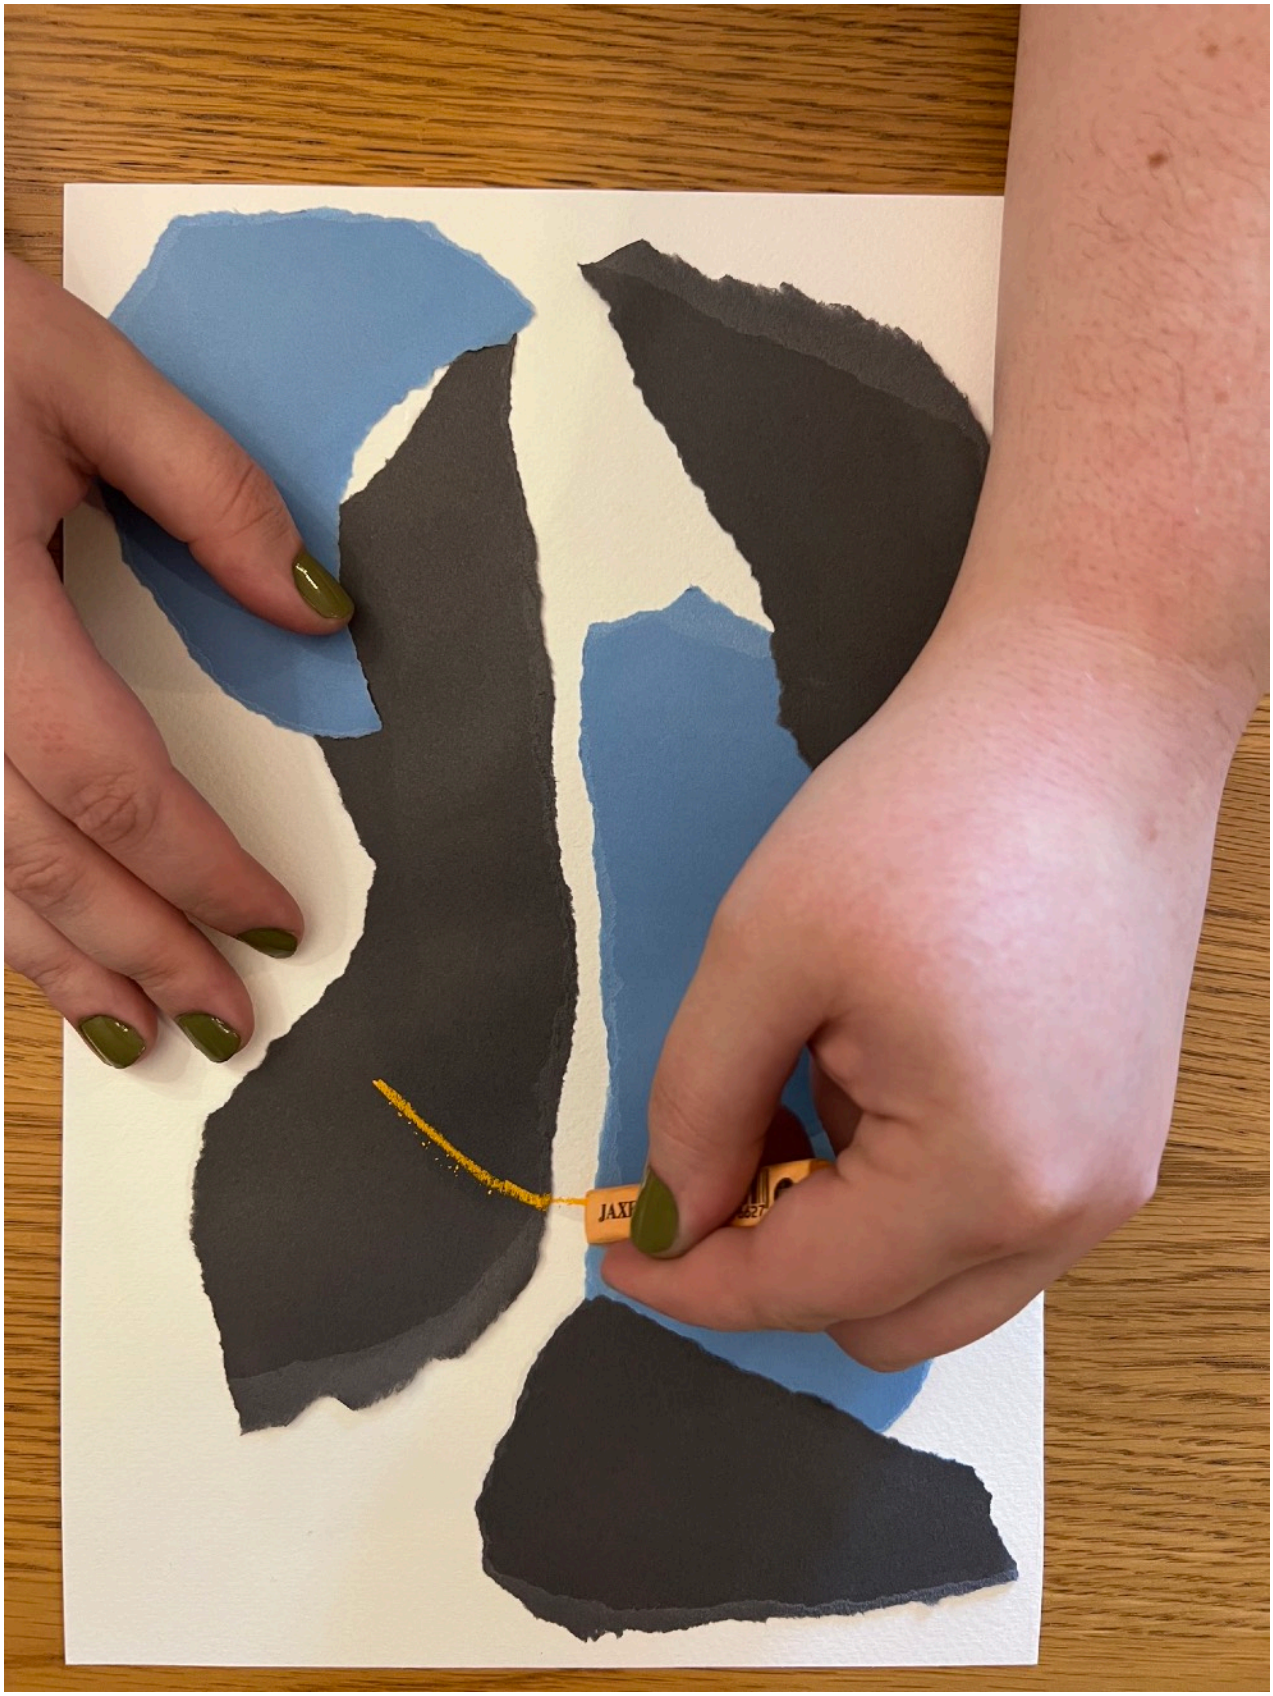

Once you are happy with your background you can start sketching the image - because of the use of colour from the collage we are sticking to a predominantly line drawing because it will suit better to have lines rather than blocks of colour

There you have it your very own “Cubist inspired creation”!

Here is another we made to inspire you!
