Art Focus: Magritte

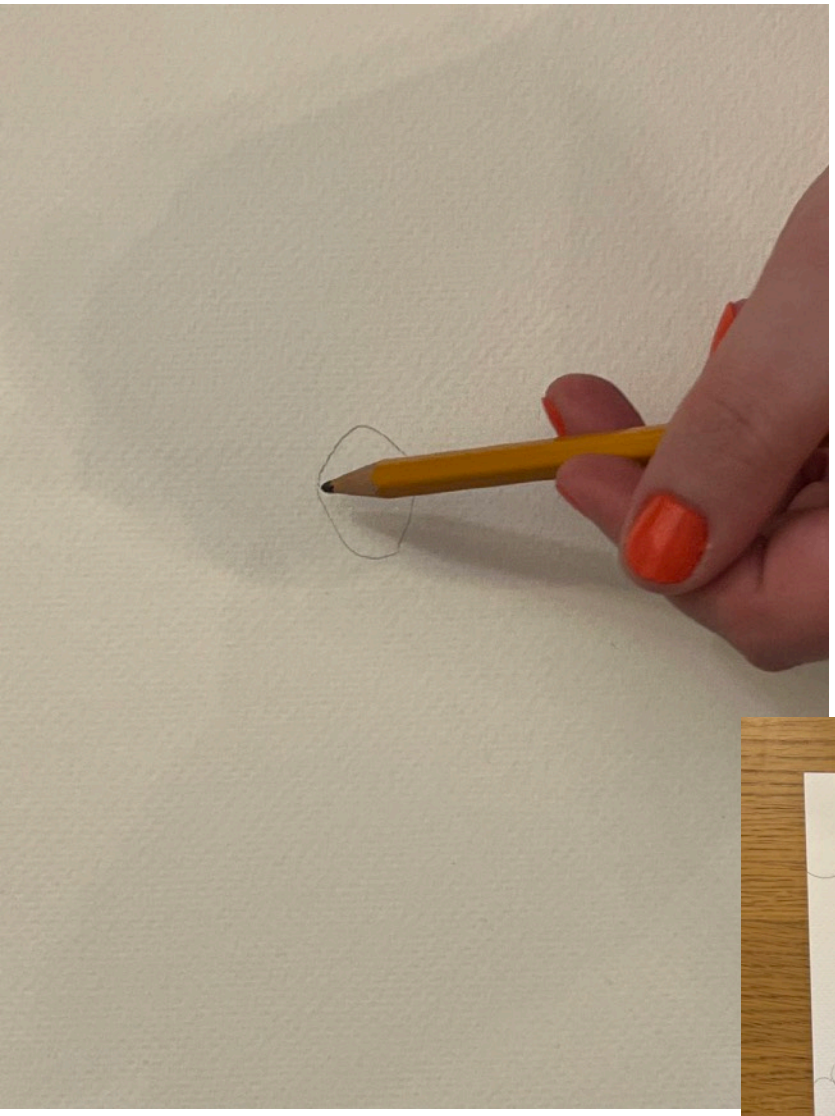

René Magritte was a Belgian surrealist artist known for his depictions of familiar objects in unfamiliar, unexpected contexts, which often provoked questions about the nature and boundaries of reality and representation. Inspired by his work why not create your own in response!

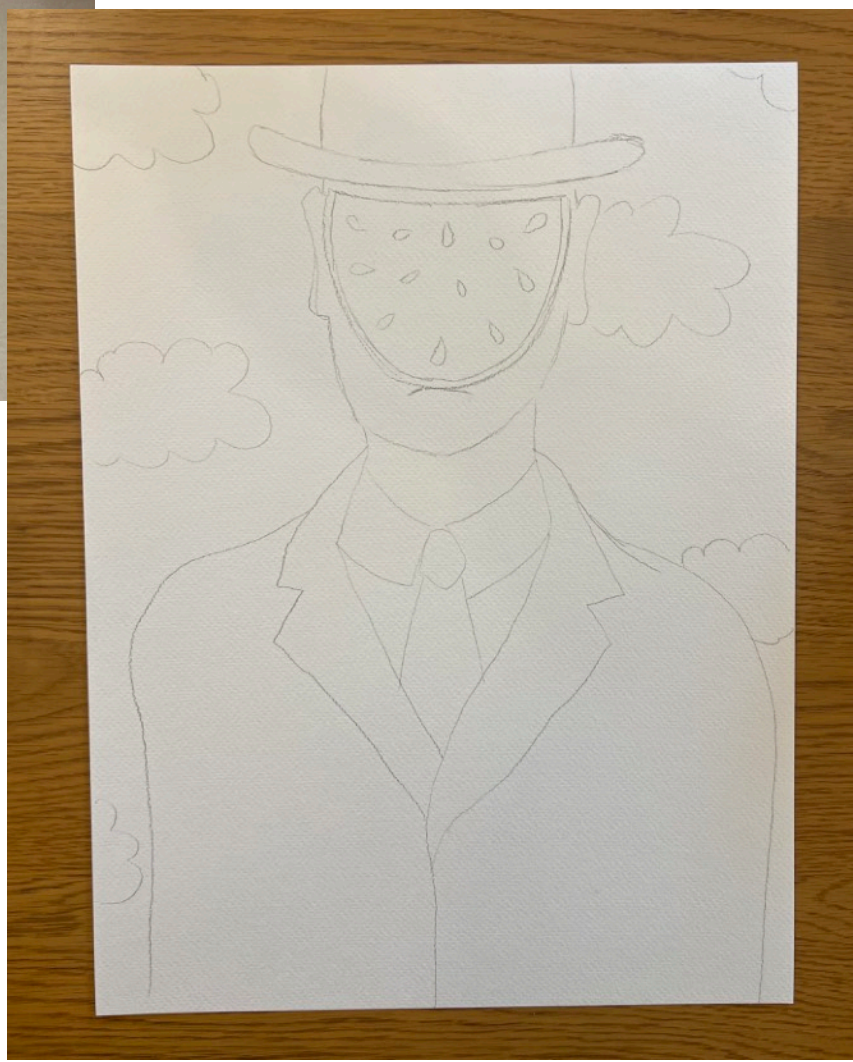

Tools and Materials:

- Paper
- Pencil
- Watercolour
- Paintbrush
- Water

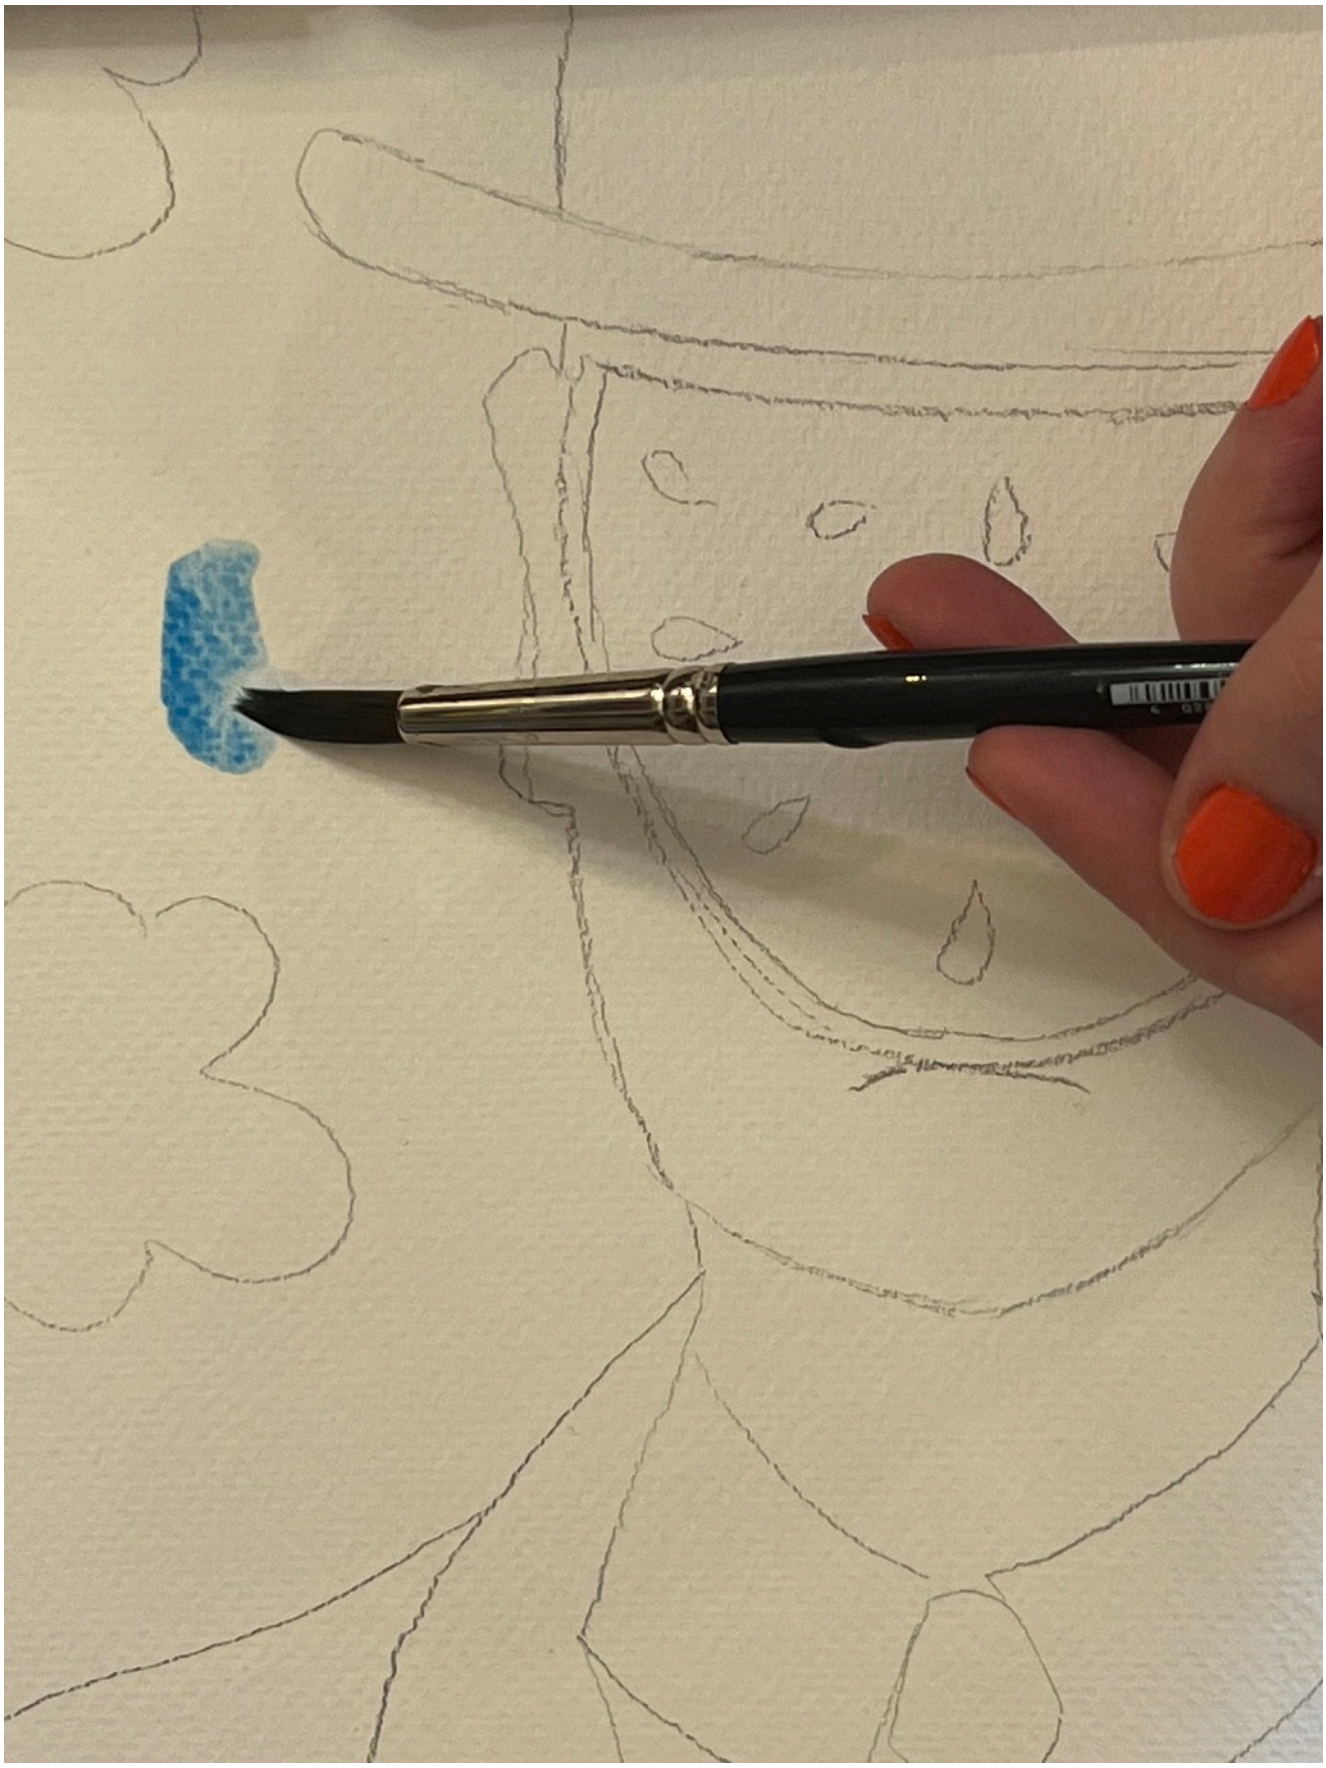

Looking at one of his most famous paintings “The Son of Man” which is a self-portait with an apple in front of his face - we thought it would be fun to recreate with another type of fruit! Start by sketching out the figure - complete with bowler hat like so

Once you are happy with your sketch you can start to paint it

There you have it your very own
“Magritte Inspired Artwork”!

Here is another we made to inspire you - playing around with scale and where things normally belong!
