Lambeth

Art Focus: Yinka Shonibare

Yinka Shonibare is a British Artist who explores African and British culture through his artworks, using bold patterns and fabrics from “African” fabrics juxtaposed against classical or contemporary imagery

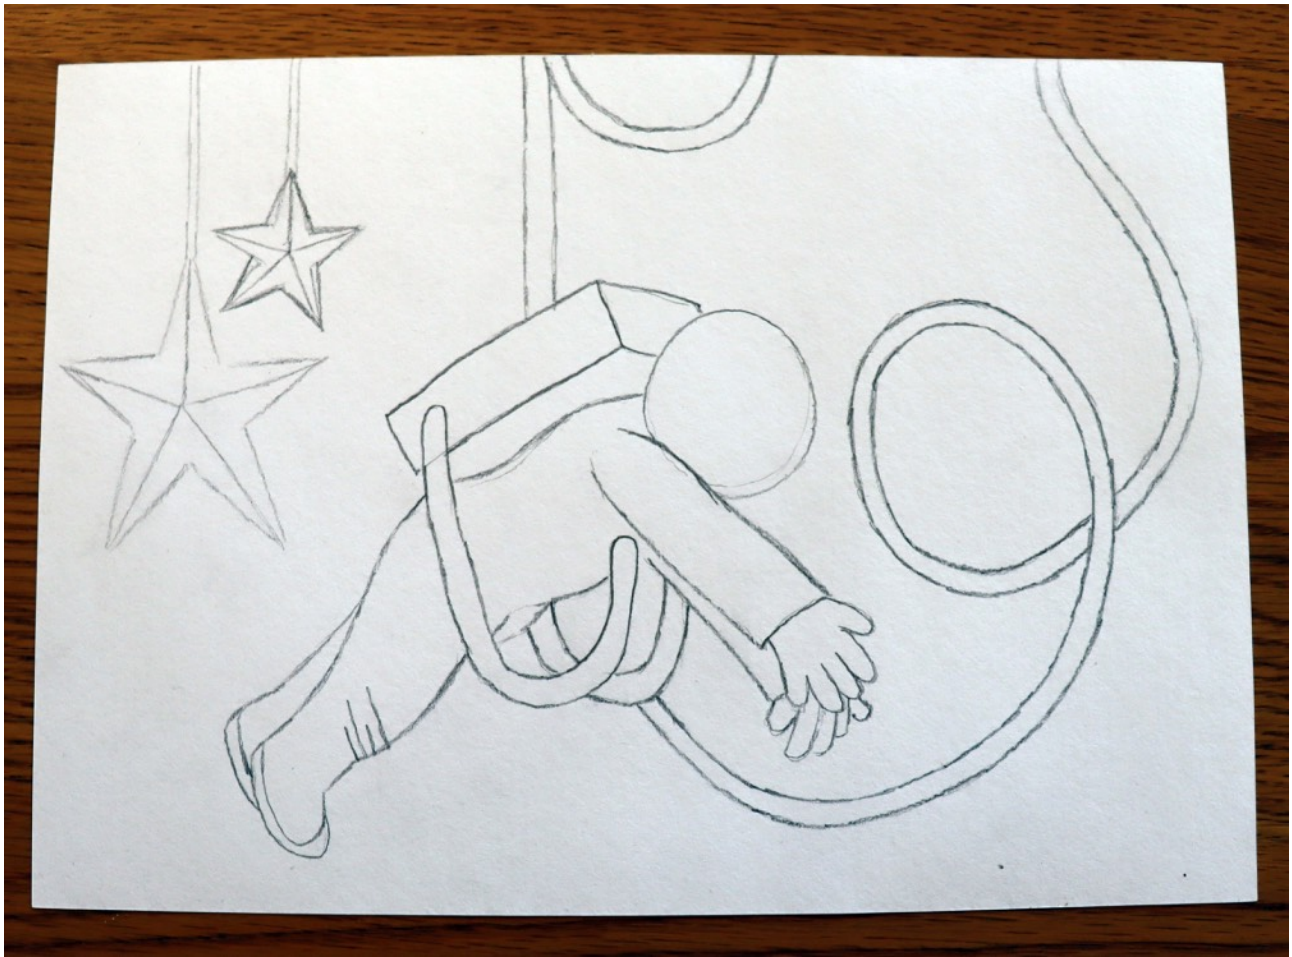

Tools and Materials:

- A4 White Paper
- Pencil
- Watercolours
- Water
- Paintbrushes

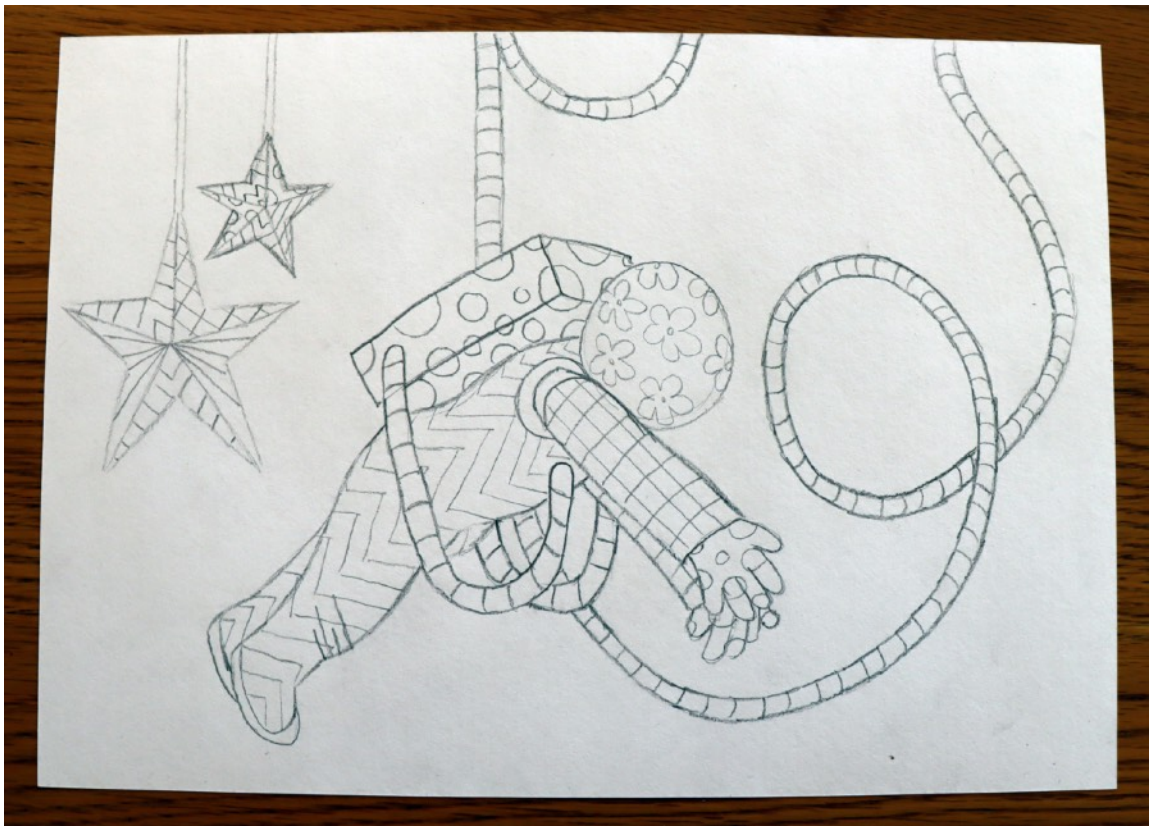

Taking inspiration from Yinka's artworks we recreated our own pattern filled works using our own patterns but using his work with a spaceman as a reference as in his work "Space Walk" from 2002. Start sketching out your figure

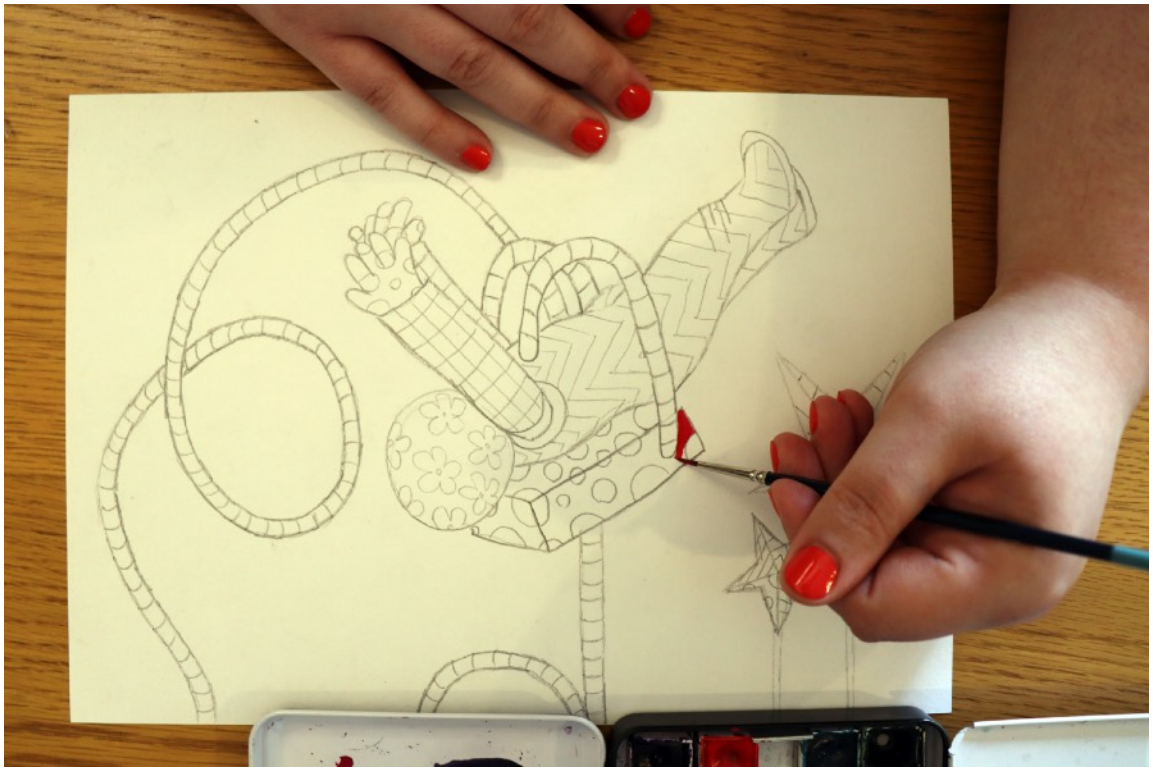

Once you are happy with the figure and anything else you want to include in the background then you can add your pattern - what kind of patterns can you think of?

Now you can add the colour - think about what colours will pop the most - you can contrast or compliment with your colour combinations

There you have it your very own
“Yinka Shonibare inspired Artwork”!

Here is another we created to inspire you!
