Decorated Pot Plants

Why not bring the outdoors indoors by growing your own herbs on a windowsill and having a decorated pot to brighten it up. It depends what kind of pot you use terracotta ones are good to paint or the one we used are better with felt tips!

Tools and Materials:

- Pot for a plant
- Sharpies or marker pens
- Soil and seeds for after - herb seeds are a good choice!!

So with your pot what would you like to add to it to decorate it? What would brighten your windowsill up? We used sharpies - they don’t wash out so be careful when using them not to get them on anything!

There you have it your very own “Decorated Plant Pot”!
