# Easter Egg Bunting

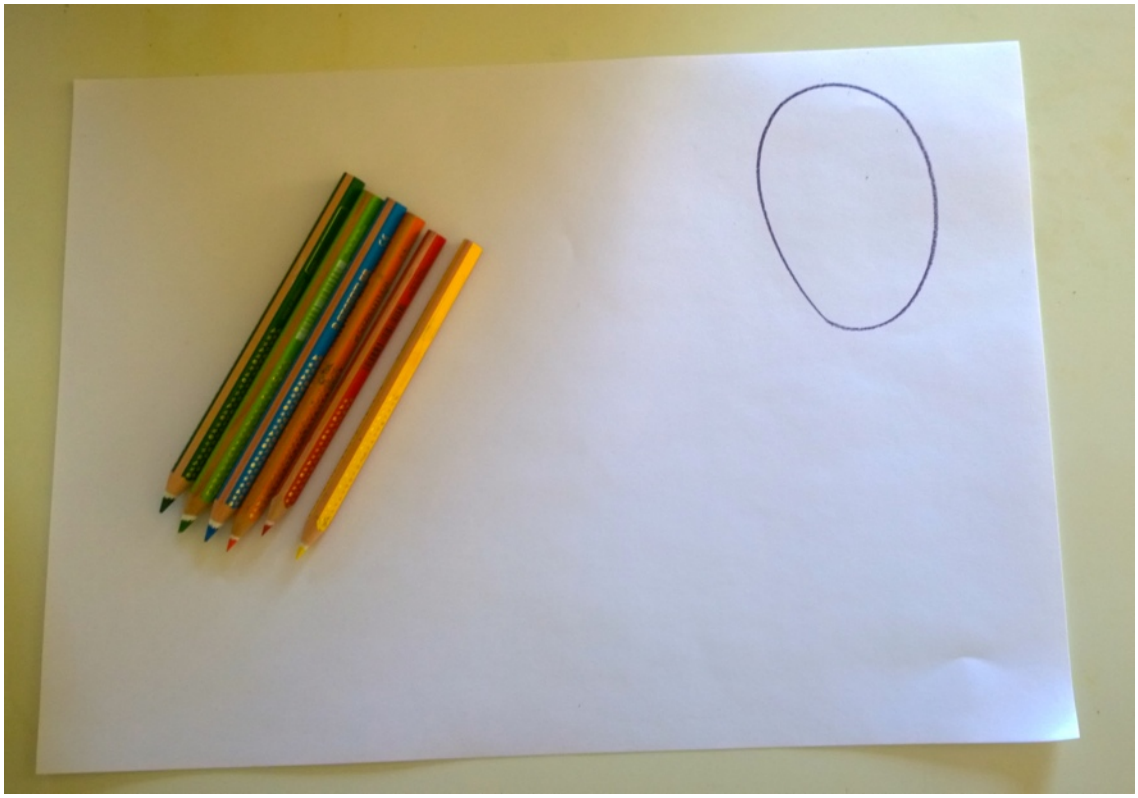

This is a nice and quick project - great for spare time over the Easter weekend!

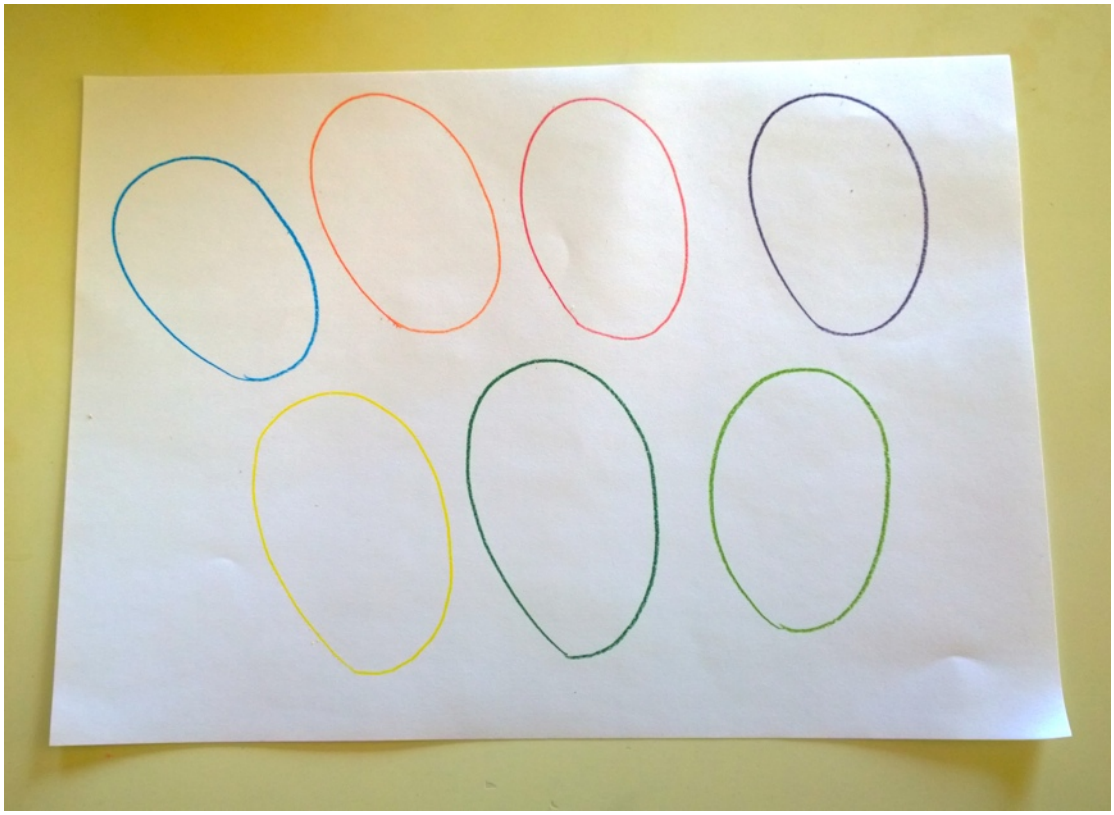

Tools and Materials:

- Card or Paper
- Colouring Pencils
- Scissors
- String or Wool

Start by drawing out some eggs to decorate, we have drawn 7 - any odd number works just as it good to have a focal point in the middle!

Once you have drawn the eggs out it is time to decorate! What kind of patterns can you think of?

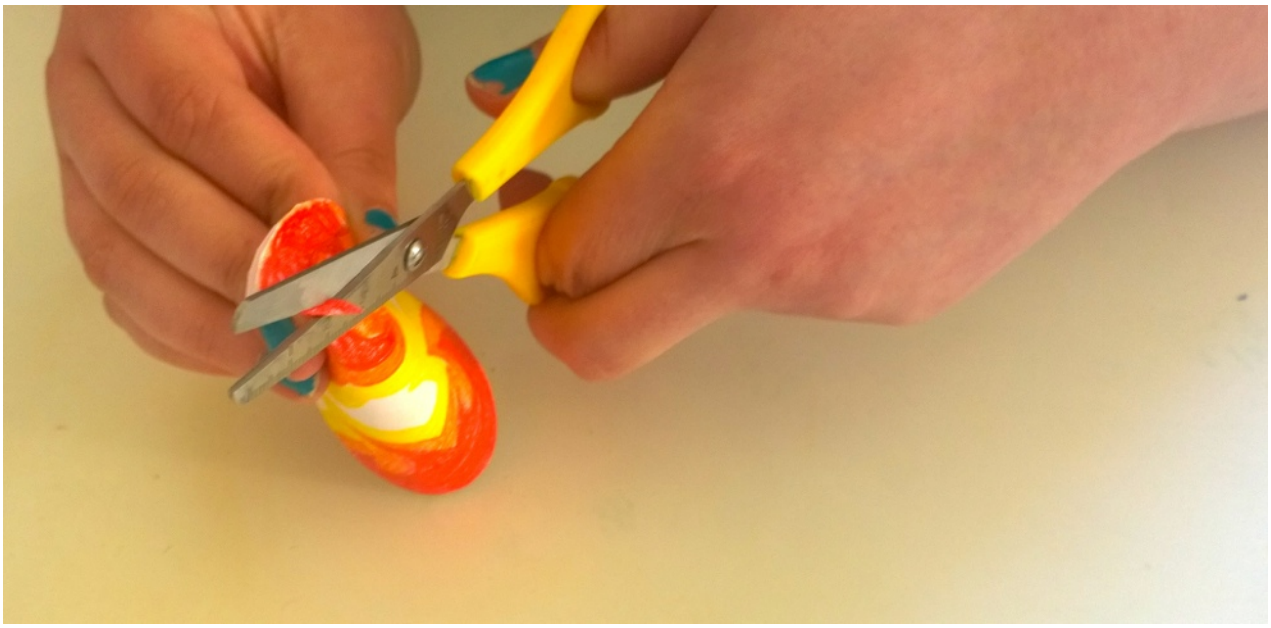

Then cut your eggs out like so

Now cut a small hole in the top, it is easier to do this if you fold it in half

Cut some string (we used wool because that is what we had lying around) - measure out how long you want it thinking about spacing

To do the first one in the centre make a loop and then pull it through, the rest can be tied normally

And there you have it - Easter Egg Bunting! We hope you all have an “egg-cellent” time!
