Mothers Day Poem Cards

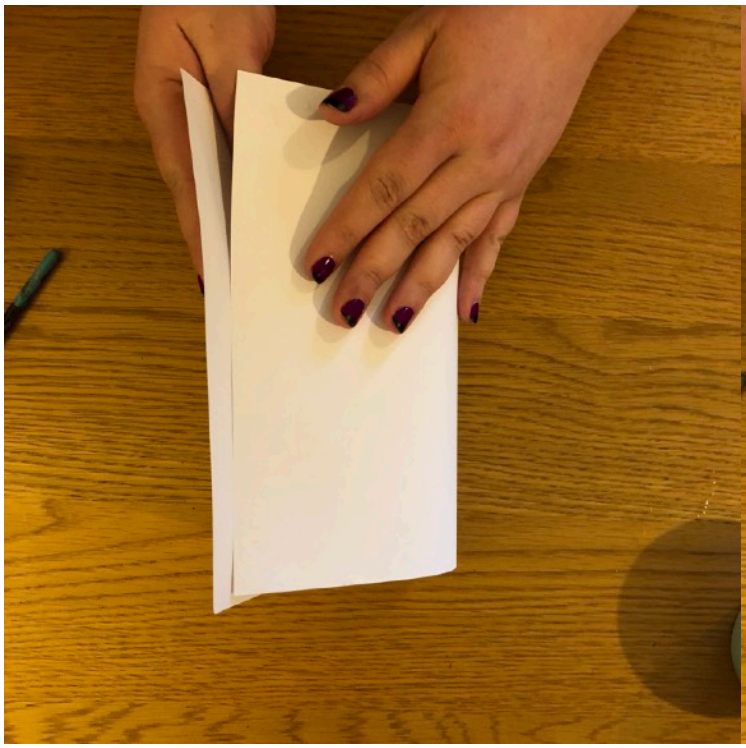

Not only can you create a fab mothers day card but you can also gift her the poem inside

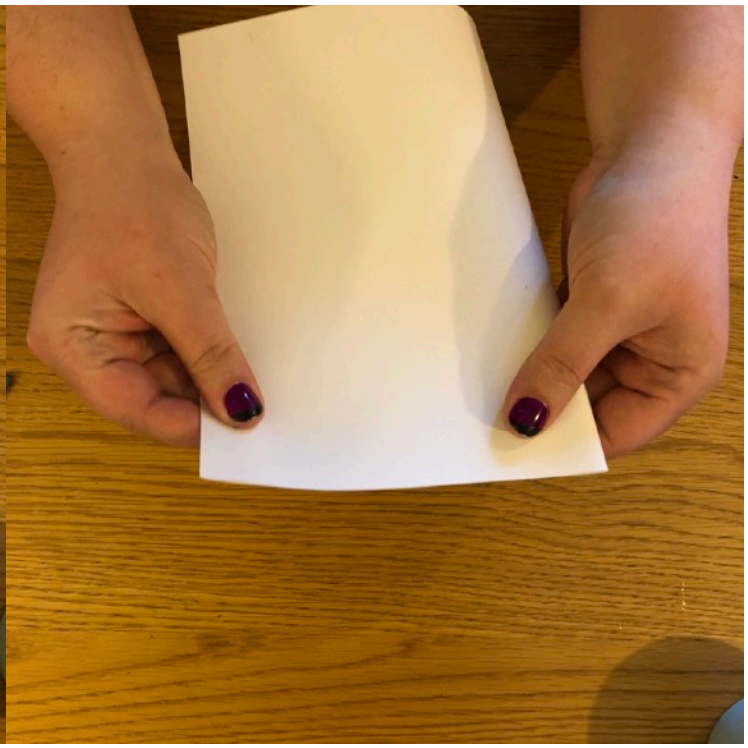

Tools and Materials:

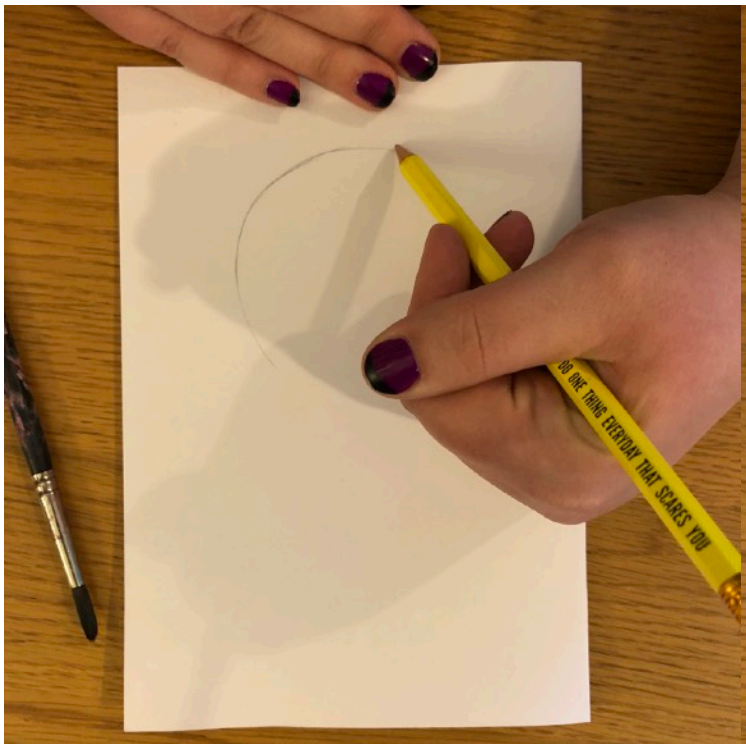

- Paper
- Pencil
- Black Pen
- Water
- Watercolours
- Paintbrush

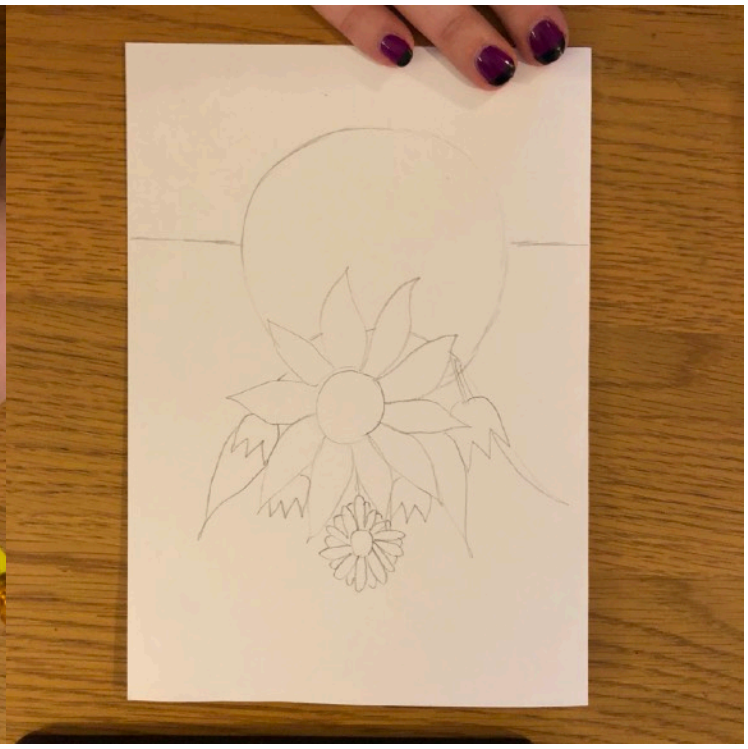

First you need to take your paper and fold it in half to create a card then think about what you want to draw for your mum! What does she like? What are her favourite colours?

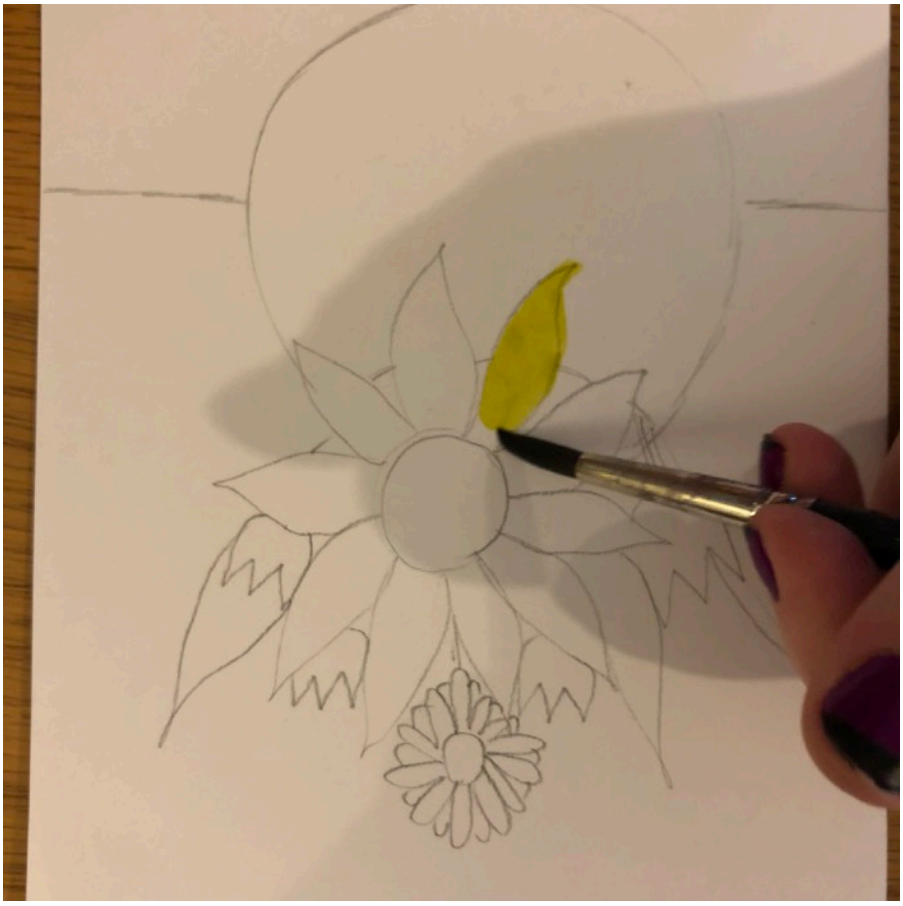

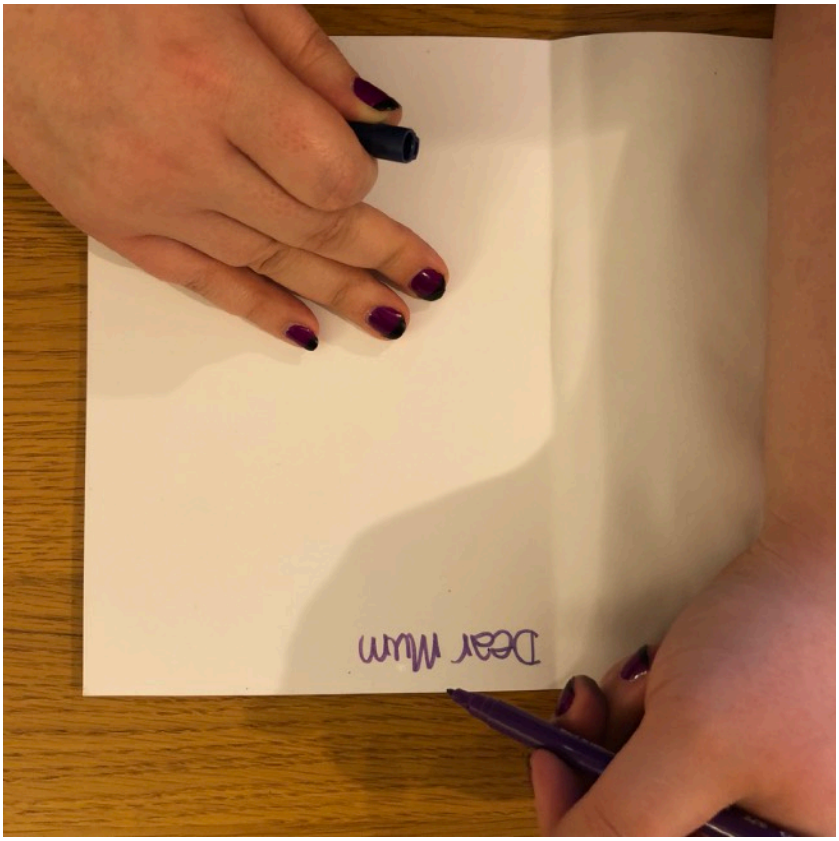

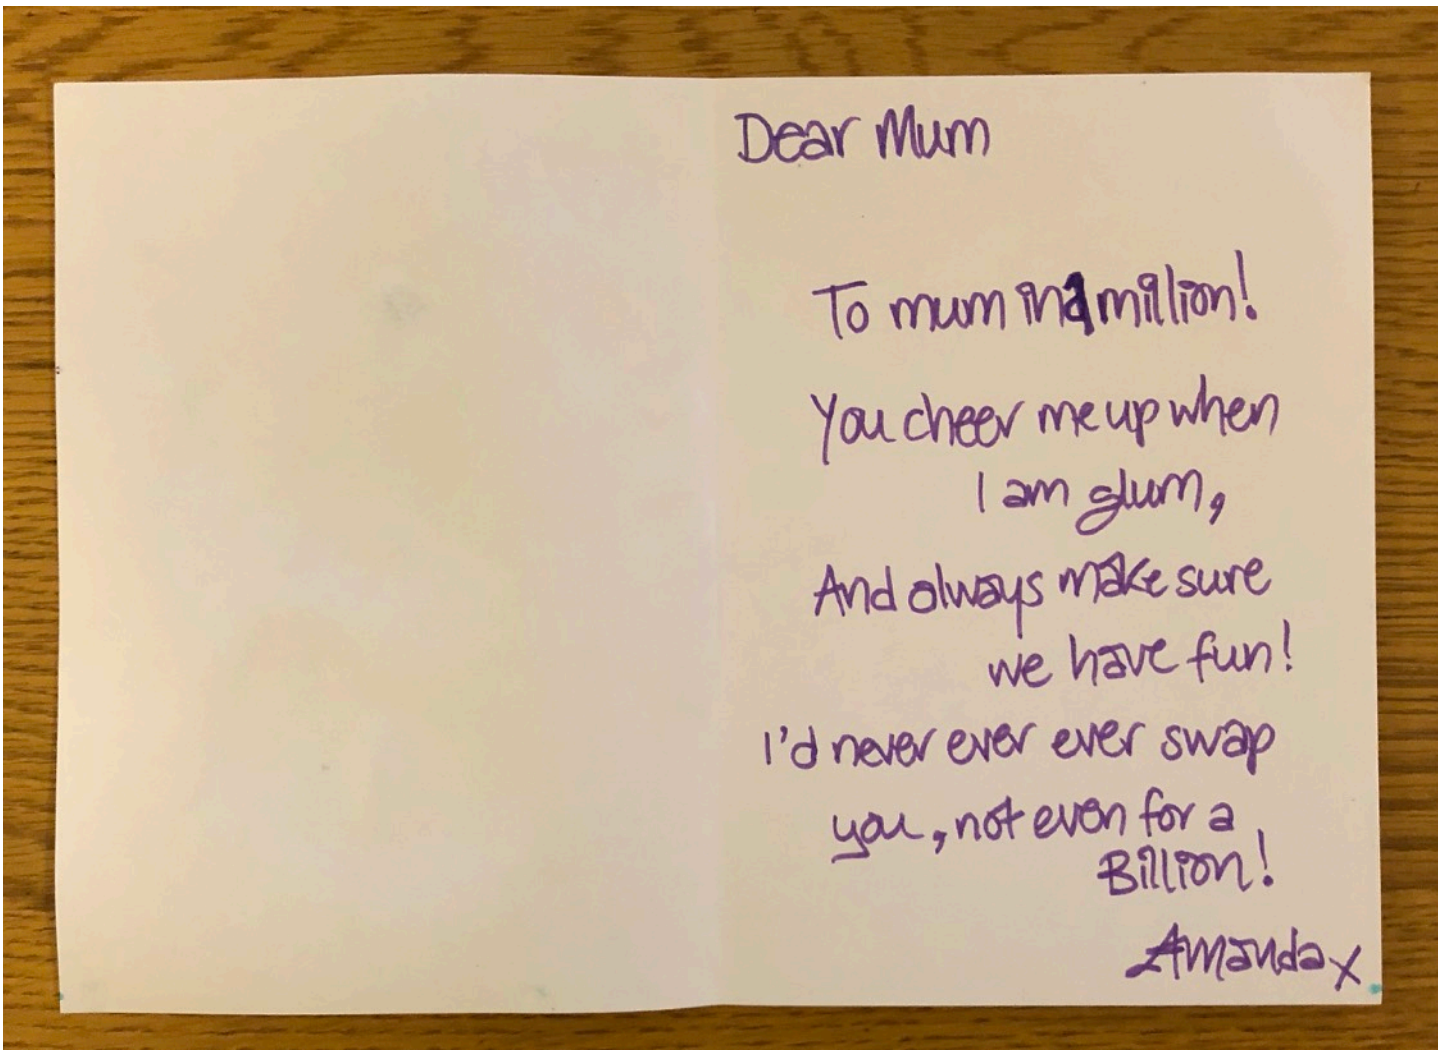

Once you are happy with your design you can paint it! Once it is dry you can outline it if you like

Then you can start to think about your poem - what do you want to write in it?

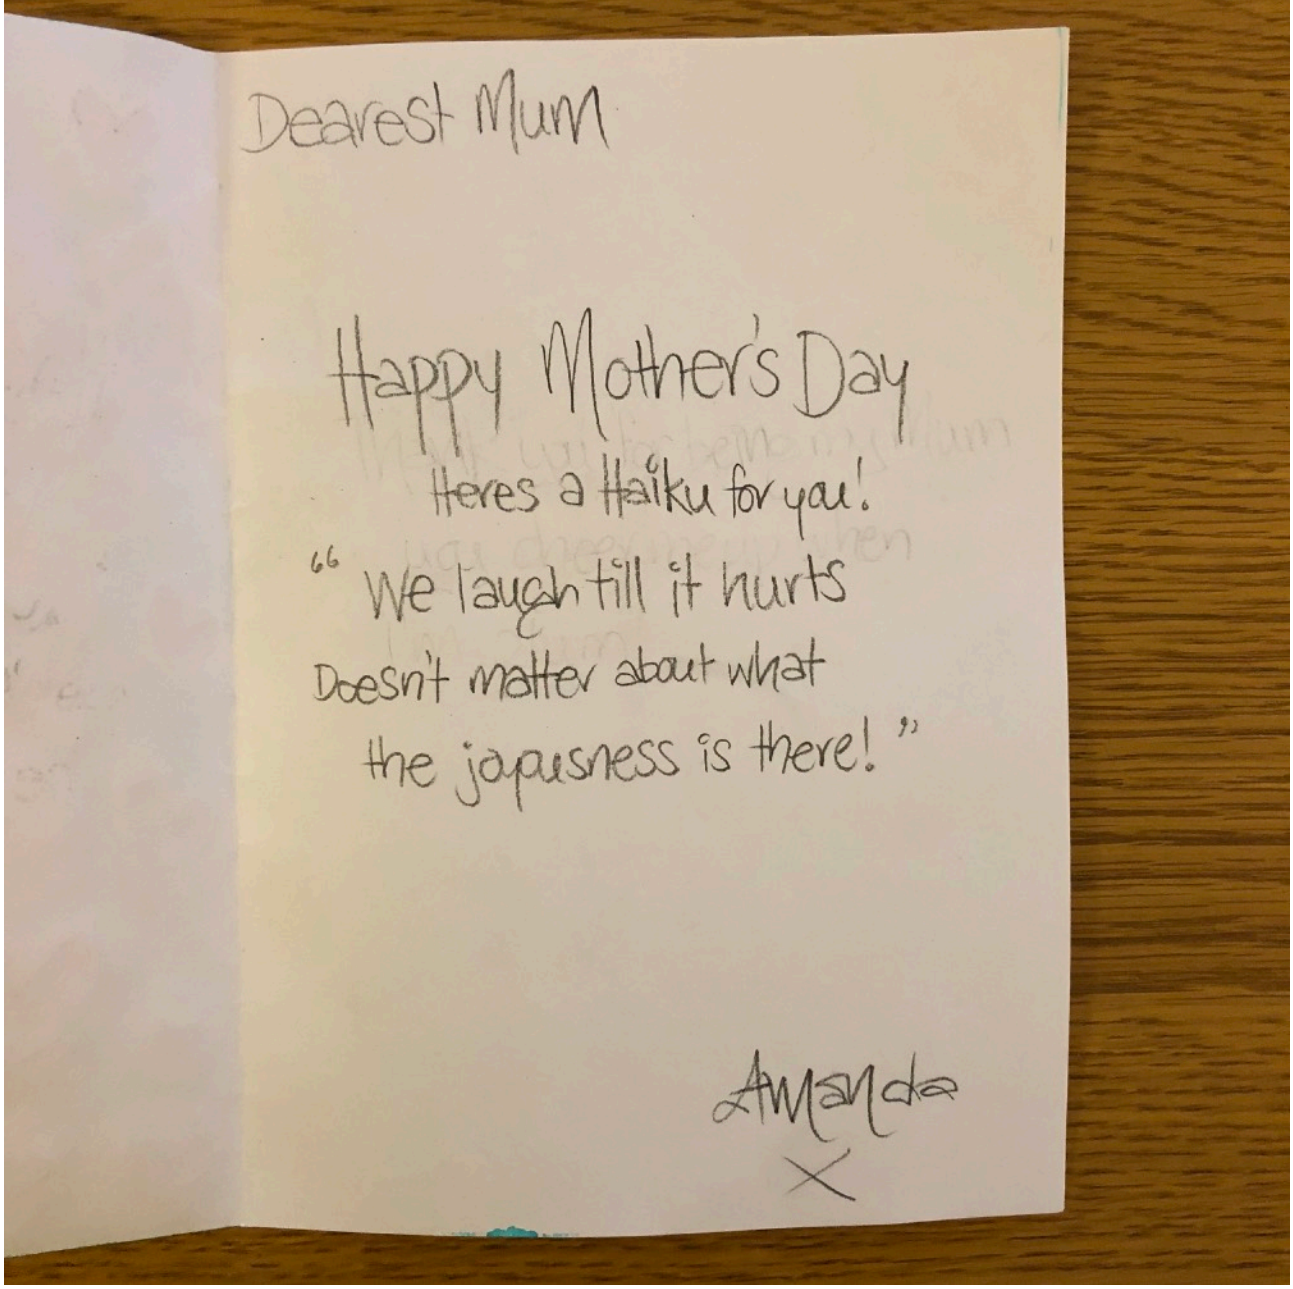

There you have it your very own Mothers Day Poem Card!

Here is another we made to inspire you!

" There was a Mummy called Mary
who could sometimes be quite scary
she was into this mindfulness lark
her bite is worse than her bark
but it doesn't matter as she's the
height of a fairy!
