Pattern Painting

So instead of filling your drawing creations with colour why not mix it up and use pattern! We took our inspiration for pattern painting from the Artist Gustav Klimt.

Tools and Materials:

- Paper
- Watercolours
- Pencil
- Paintbrush
- Water

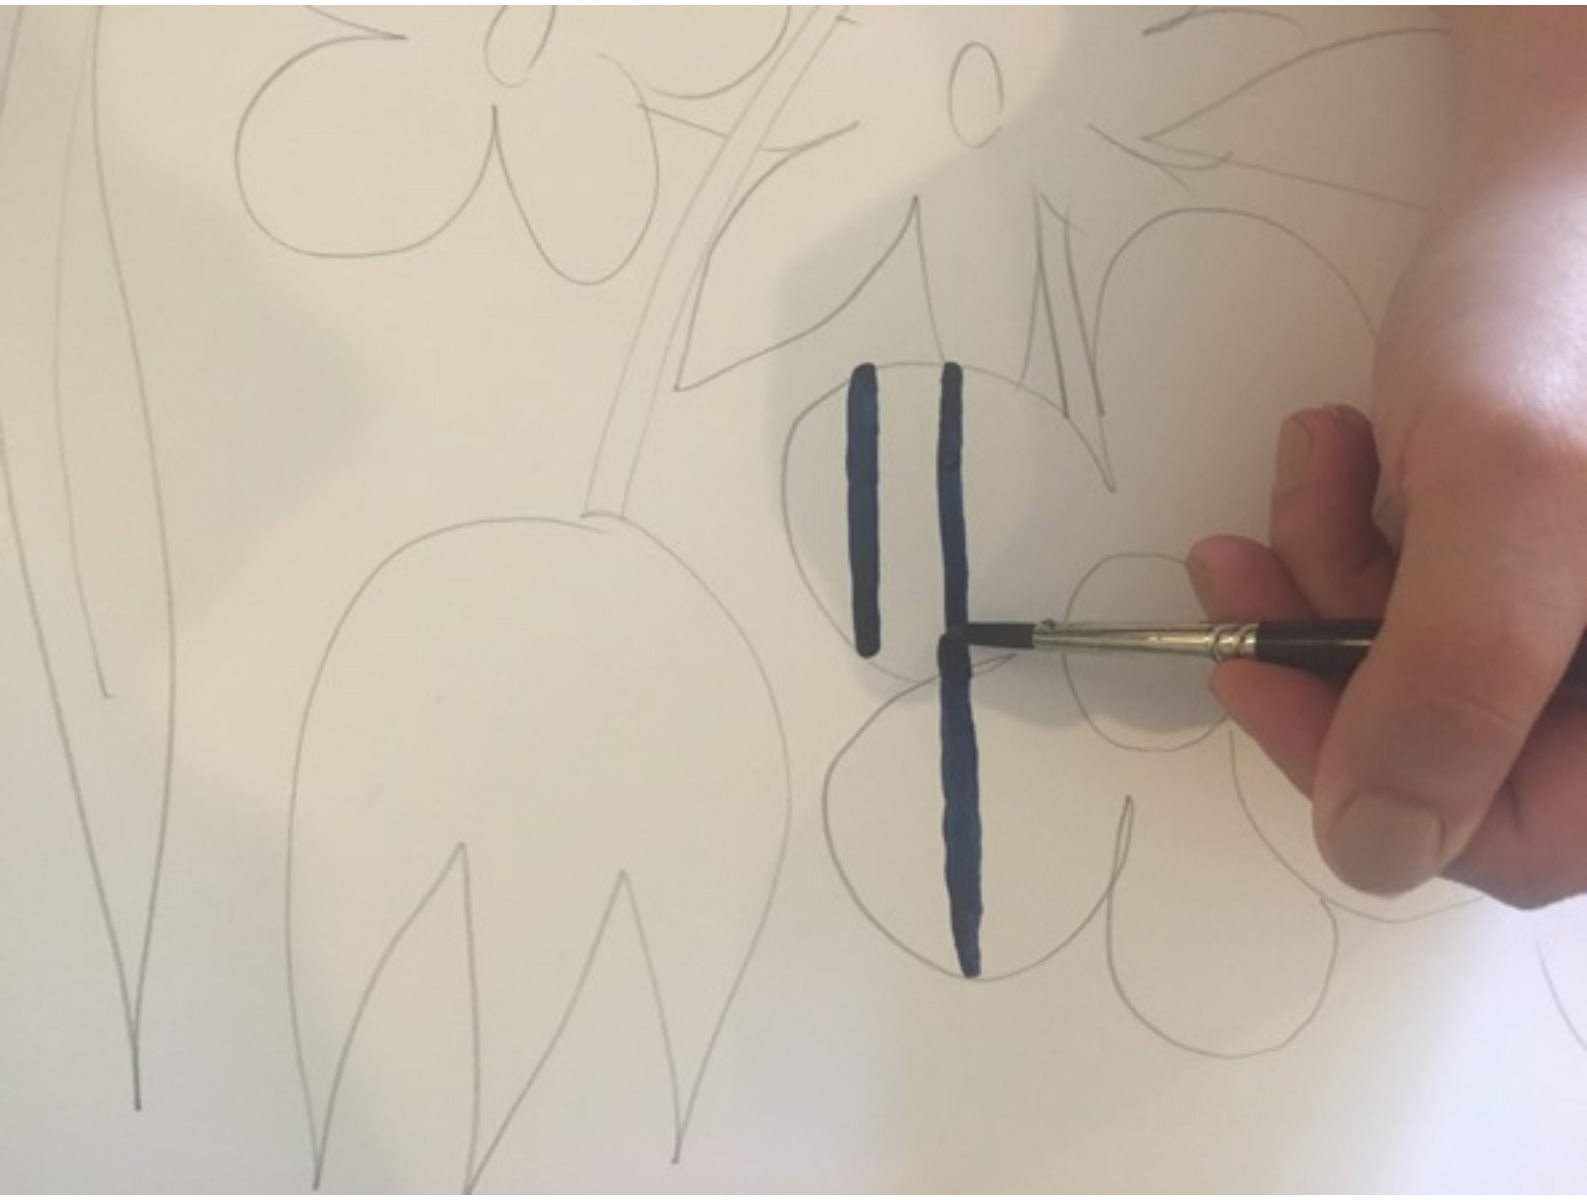

First of all you need to think what you want to draw! We chose flowers because they always make us smile!

Once you are happy with your image all that is left to do is fill it with pattern! What patterns can you think of? Stripes, spots, dots, stars, zig zags, checks, tartan…? The possibilities are endless! What can you create?

Try to make sure you don’t use solid colour anywhere (unless in checks etc) just because you want everything to contrast as much as possible to make your image really stand out!

And there you have it your very own pattern painting!

Heres another we created to inspire you!
