Picnic Place Settings

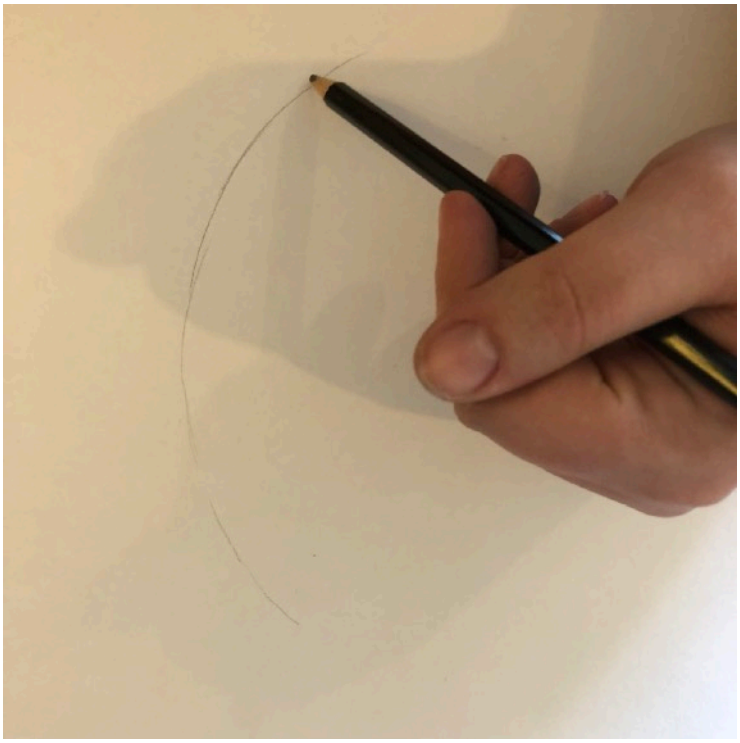

Whatever the weather you can still enjoy a picnic - even if indoors - why not create your own place setting for it!

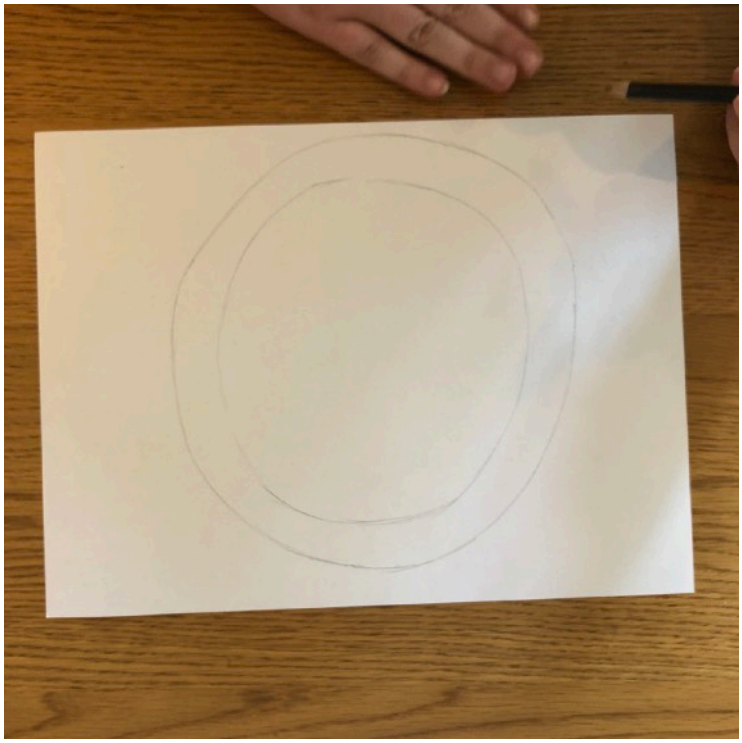

Tools and Materials:

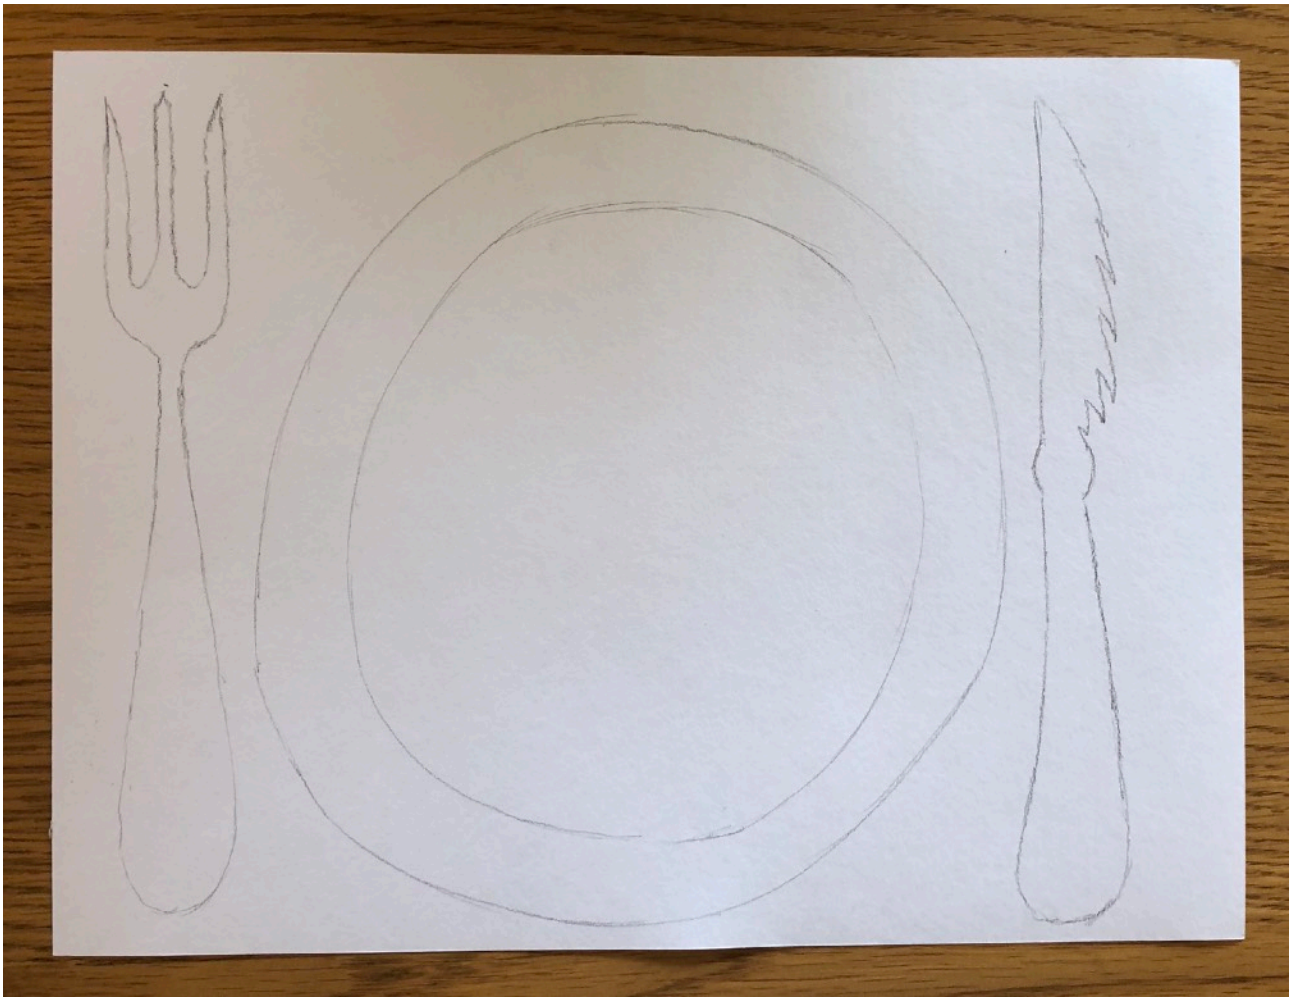

- Paper
- Pencil
- Felt Tips
- You could even add a paper plate to decorate if you fancy it!

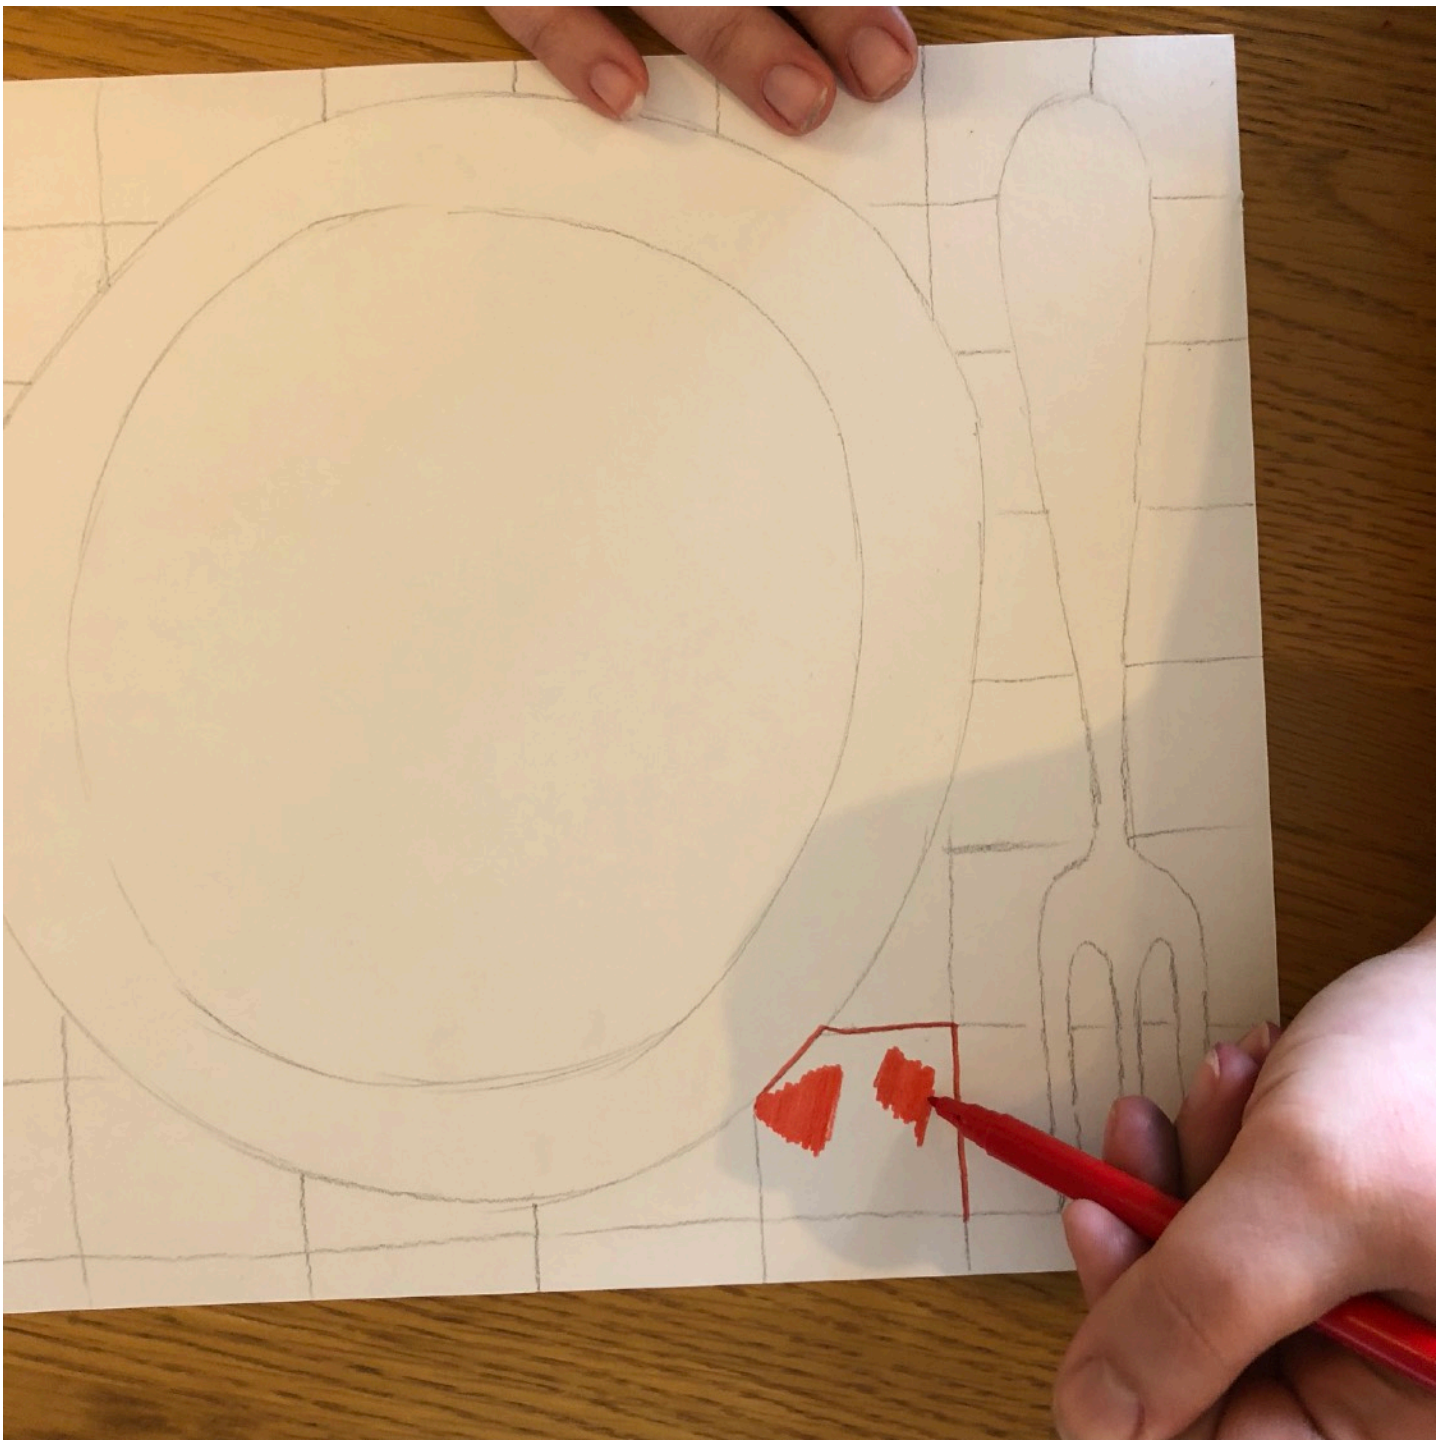

Firstly what do you want to do to decorate your place setting with? You could do something based around food or your favourite colours - whatever you like! First of all draw out what you would like - we thought it would be fun to add a plate to our design.

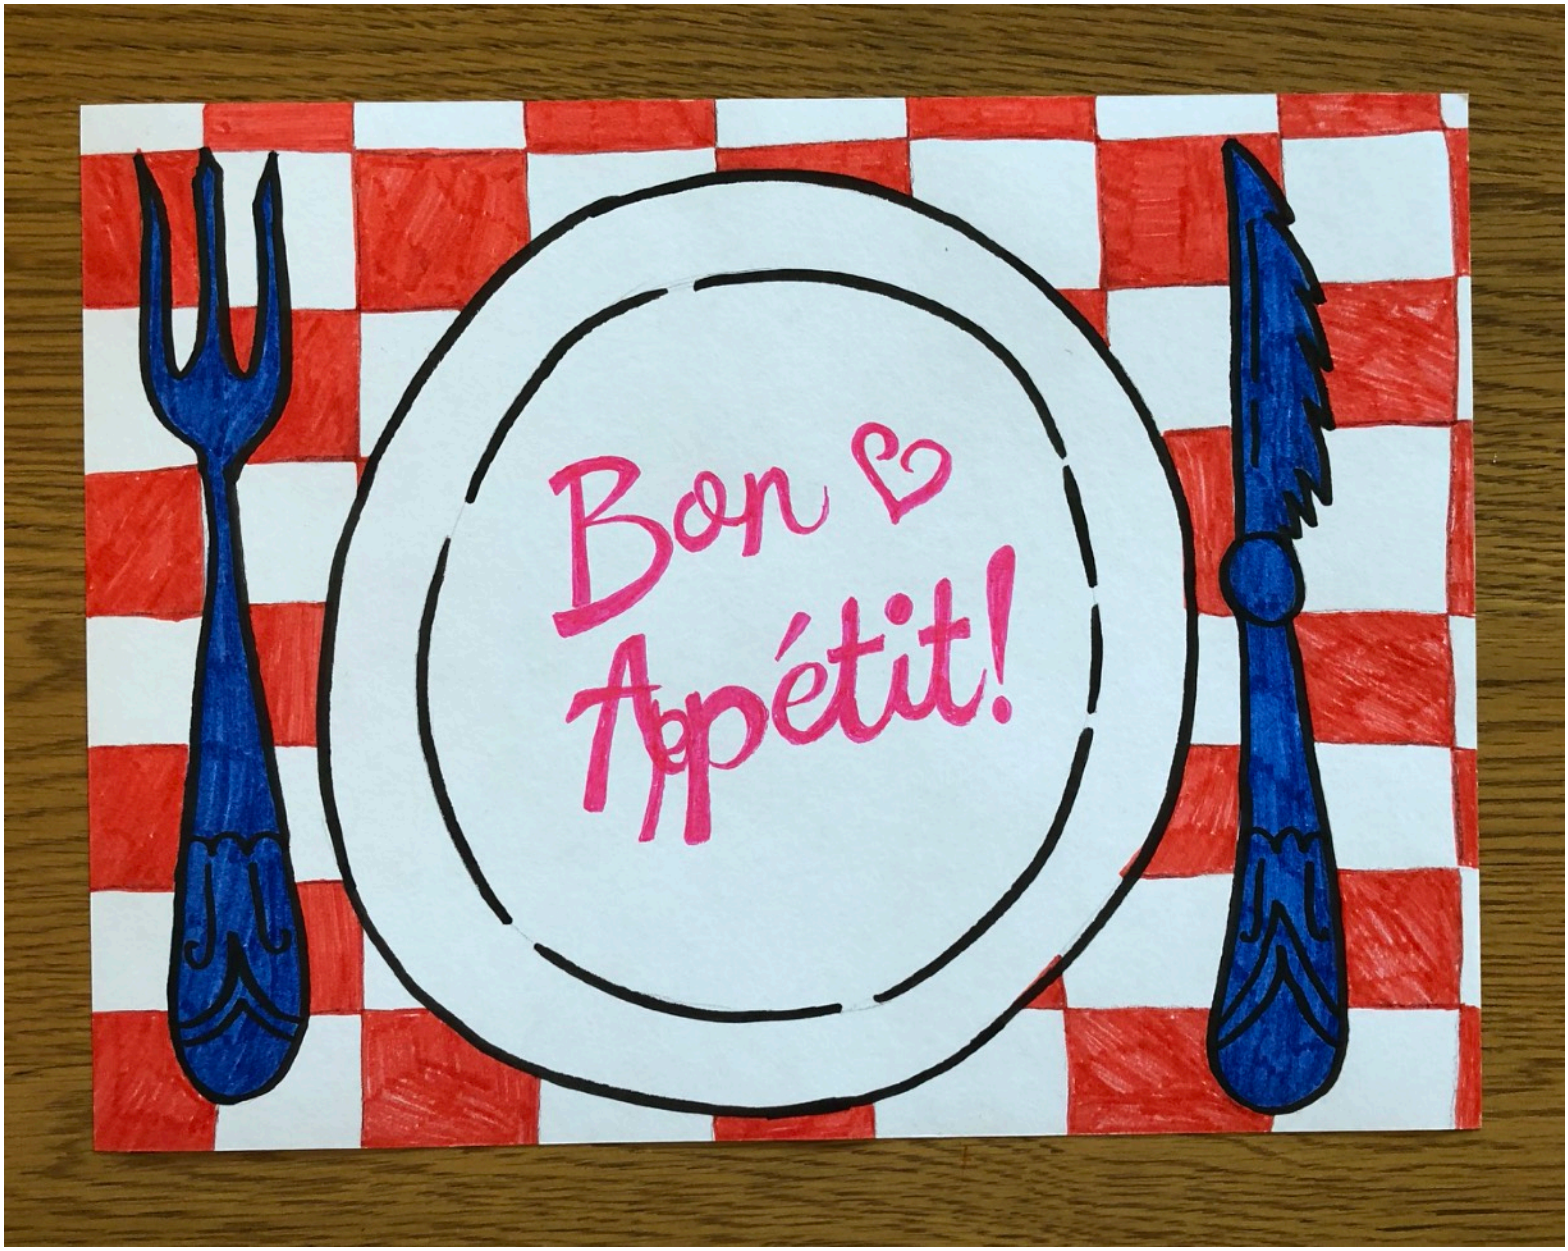

Once you are happy with your design you can start to colour it in!

There you have it your very own picnic place setting!

Here are some more we made to inspire you!
