Cool it Art

Lambeth

Grant recipient of THE ARTS SOCIETY

BATTERSEA POWER STATION FOUNDATION

Pop Art

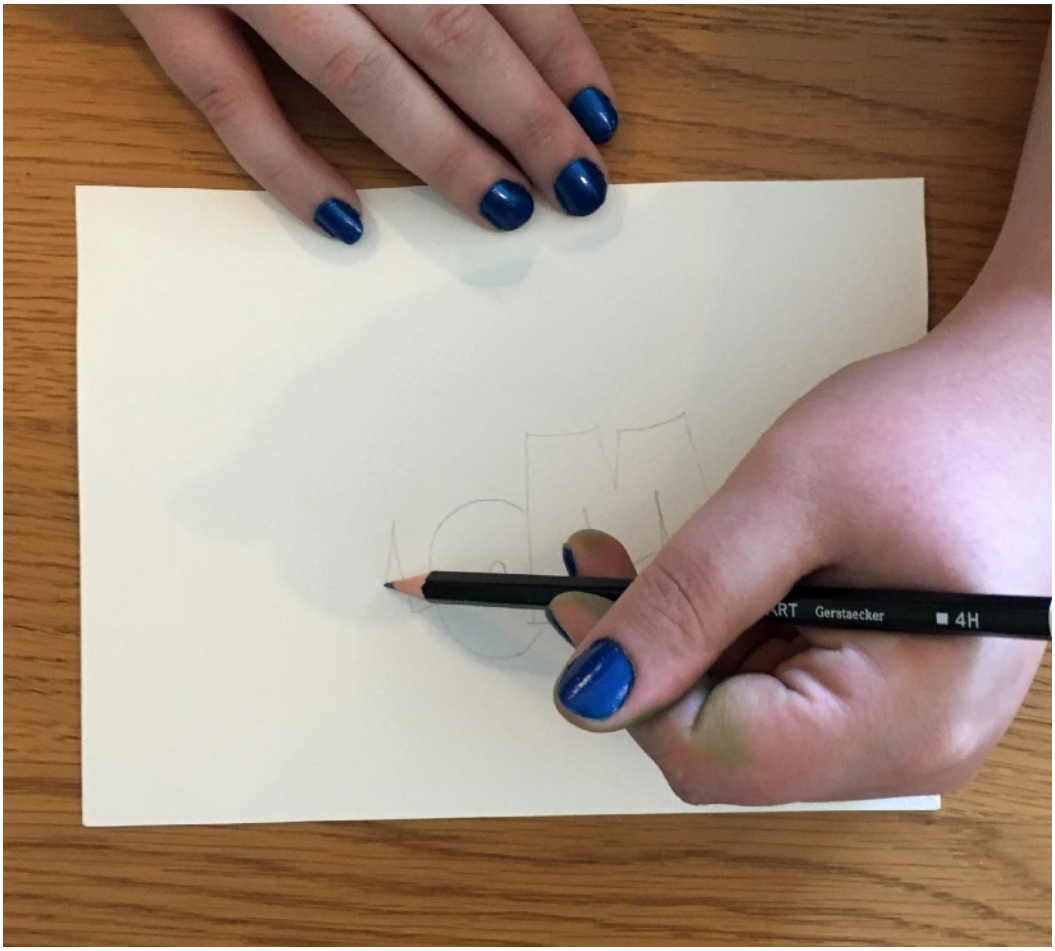

Taking inspiration from Pop Art and Roy Lichtenstein in particular why not create your own pop art work!

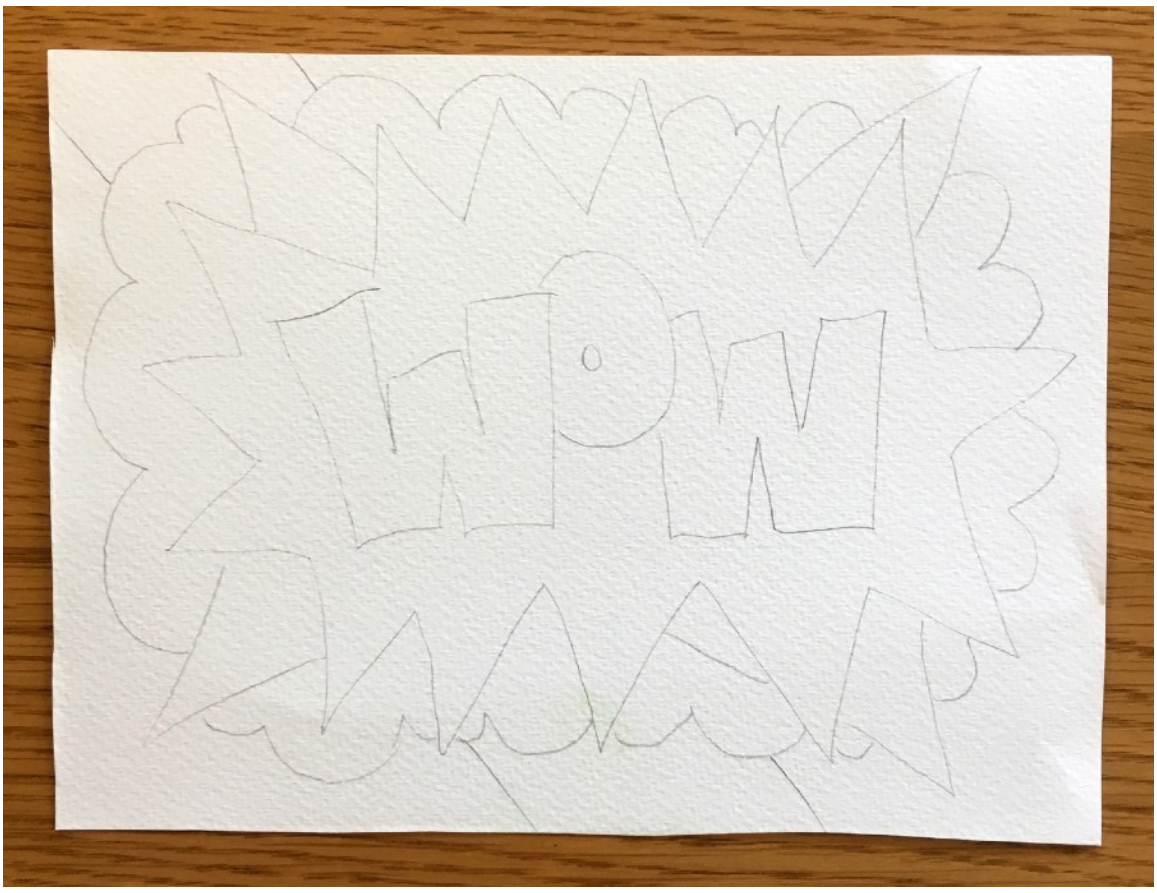

Tools and Materials:

- Paint
- Pencil
- Paintbrush
- Water
- Plate covered in clingfilm
- Paper
- Plus paper to put on the table and cover it!

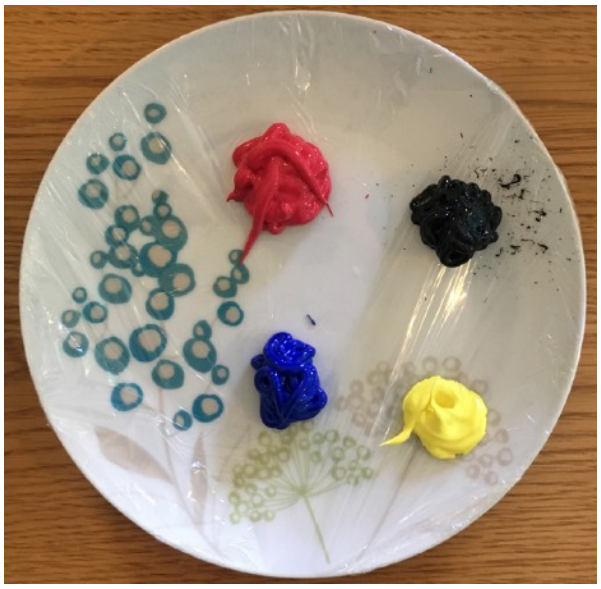

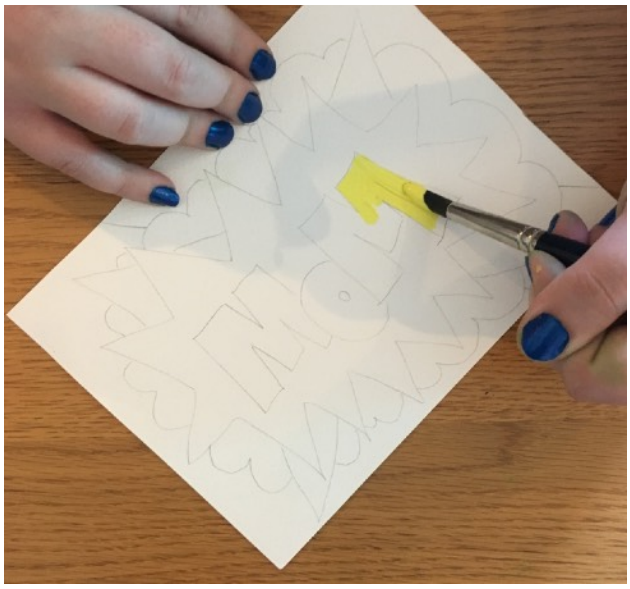

So first think what image you want to create - we like words so thought “Wow” would be fun! Start sketching it out

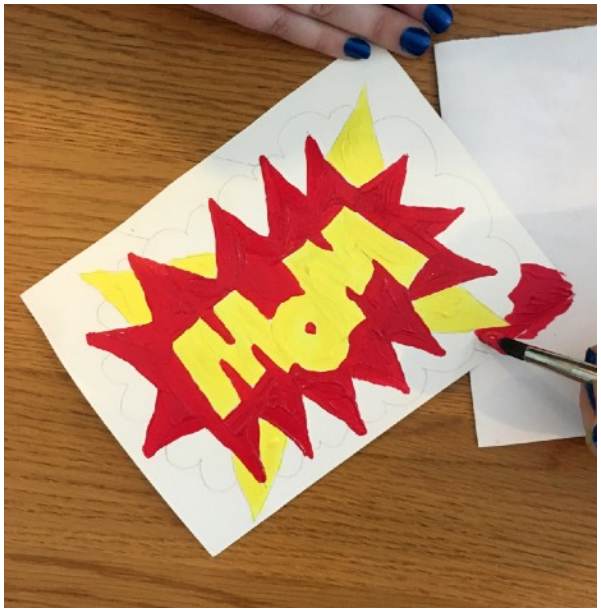

Put out your paint and figure how you want the colours to be - with pop art some bits are flat paint and some bits are dots - it is good to mix it up!

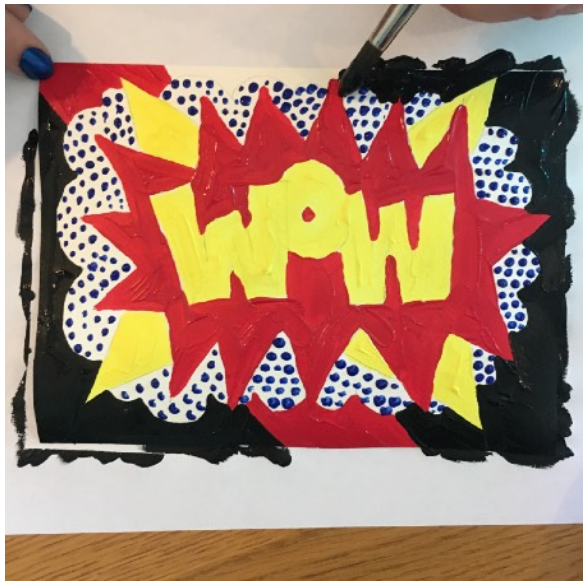

There you have it your very own bit of Pop Art!
