Watercolour Silhouettes

Taking inspiration from Victorian Silhouette portraits why not create your own but give it a modern twist with pattern and colour to represent the person whose portrait it is!

Tools and Materials:

- Paper
- Paintbrush
- Pencil
- Watercolours
- Water

First of all you need to find someone to pose for you - you want to draw their profile so get them to stand like so, then try and draw what you can see

Once you are happy with the outline you can start painting!

There you have it your own Watercolour Silhouette!

Here are more we made to inspire you!
