What Makes Your World?

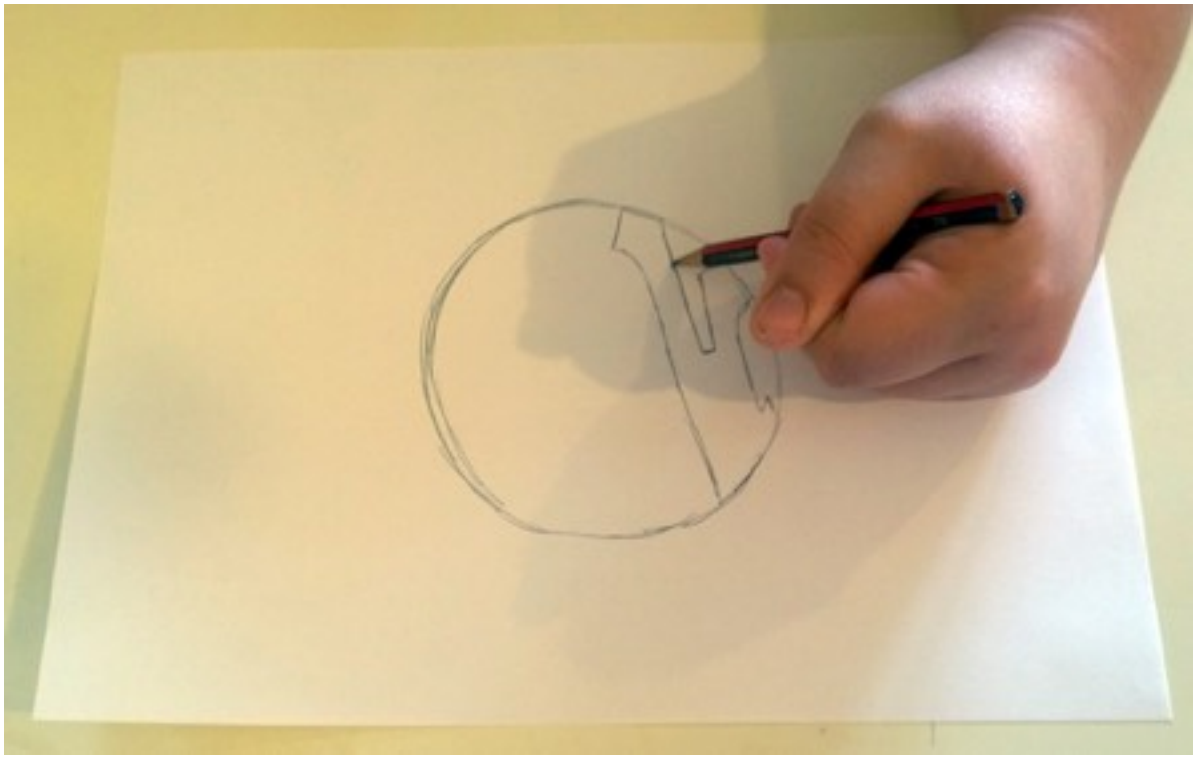

Taking inspiration from “Earth Day” (April 22nd) we decided to create work about what makes “Our World”

Tools and Materials:

- Pencil
- Felt Tips
- Colouring Pencils
- Paper

Start off by drawing a globe - you could draw the countries or your name as the sea and land, whatever you feel inspired to do!

Once you have finished your globe you can colour it in

So all you need to think about is how to decorate your globe and what things make your world - family, friends, hobbies, pets - the list is endless!

Here are some more we created to inspire you
