World Hello Day Drawing

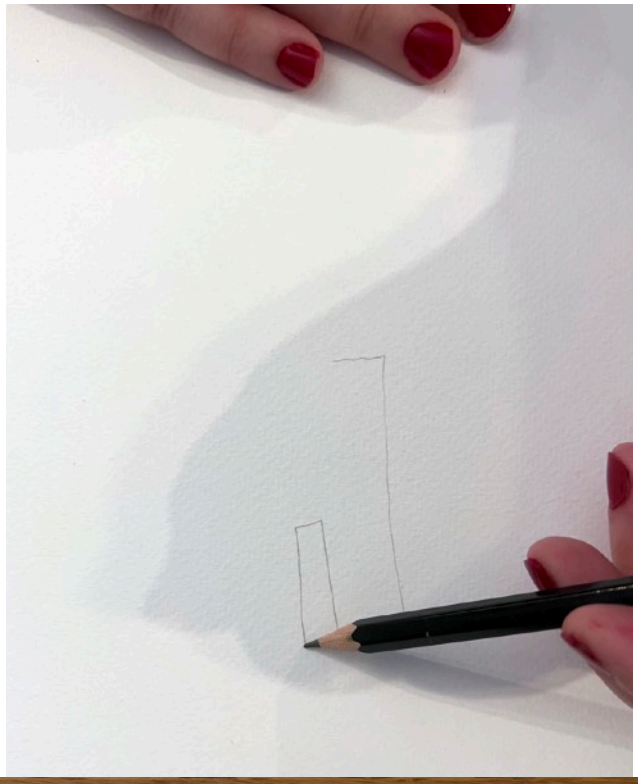

World Hello Day is celebrated on the 21st November inspired by this why not create your own “Hello” drawing with hellos from across the world!

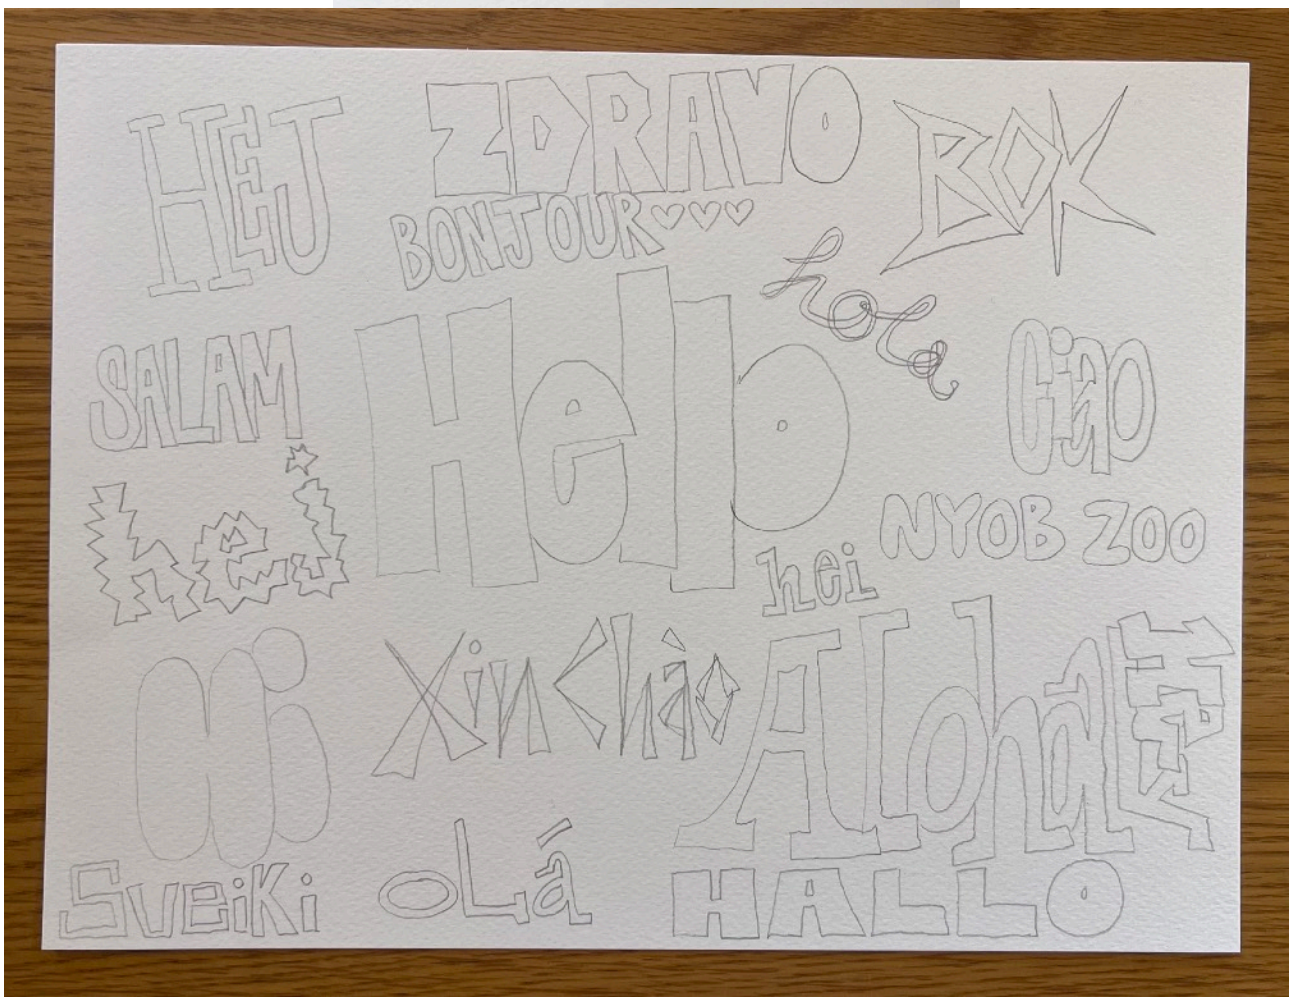

Tools and Materials:

- Paper
- Pencil
- Colouring Pencils
- Sharpener

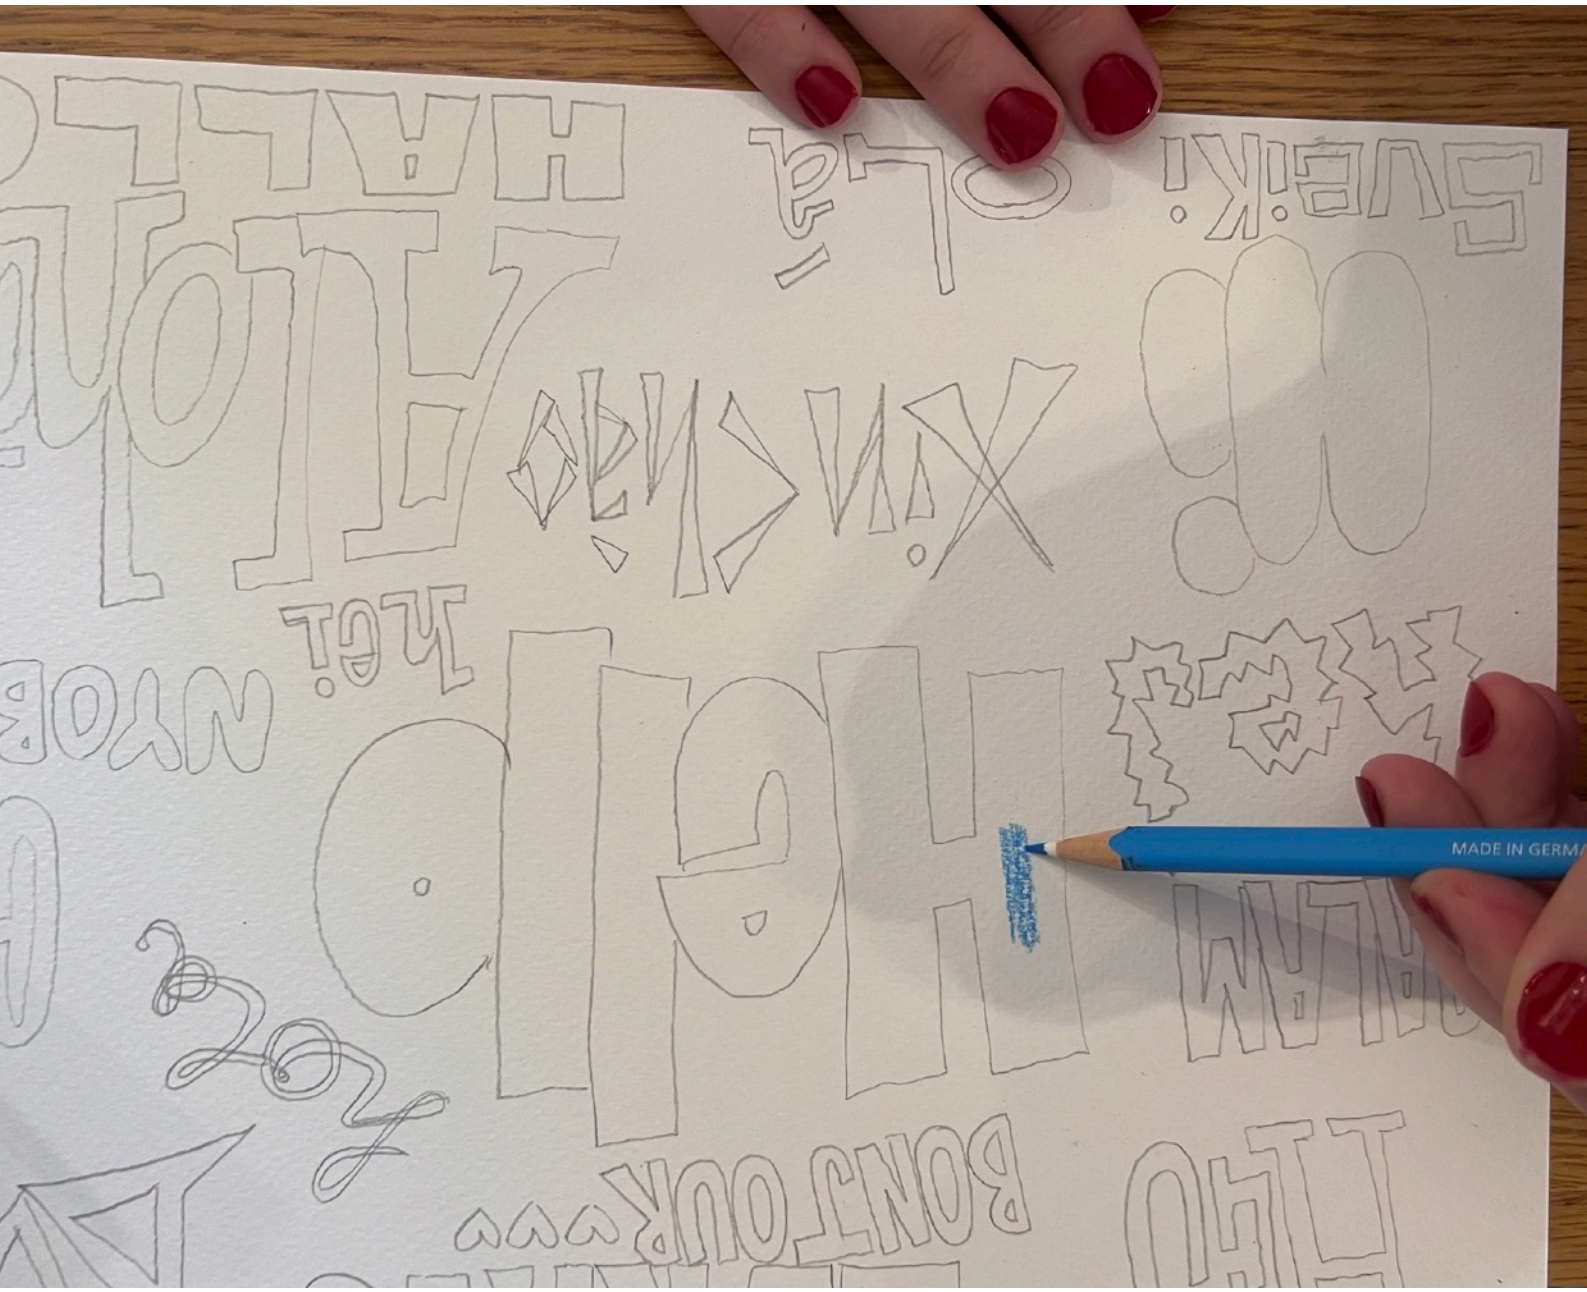

So we all might know a few hellos in different languages but the are over 7000 officially recognised languages - why not look up “Hello” in different languages from across the seven continents! What languages can you learn? Choose your hellos and start sketching them out

When you are happy with all your hellos you can start to colour them in - you could think about the shape of the font you've create or even take influence from the countries flag!

There you have it your very own “World Hello Day” Drawing!
