World Museum Day Exhibition Poster

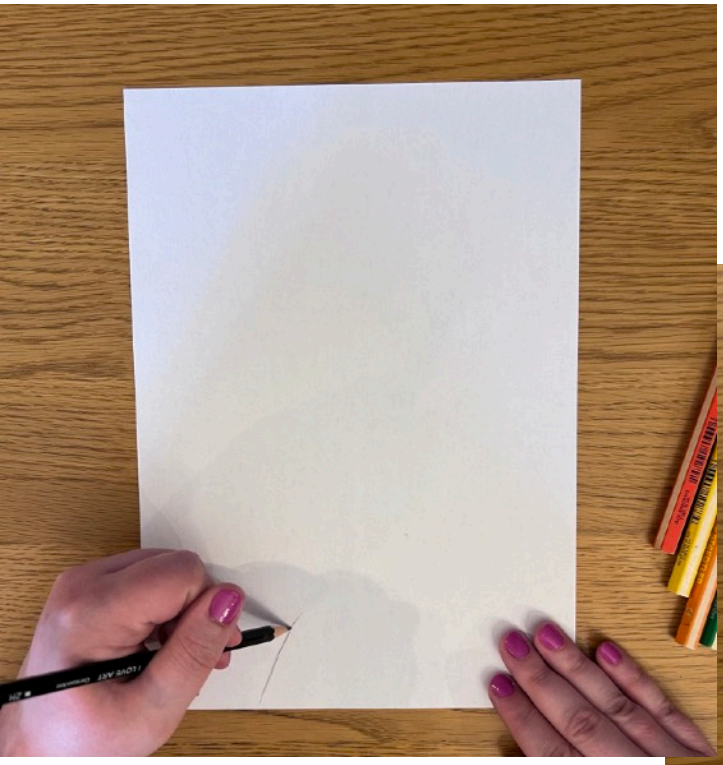

Celebrating World Museum Day on the 18th May why not create your own exhibition poster for an exhibit you would like to see in a museum! The possibilities are endless!

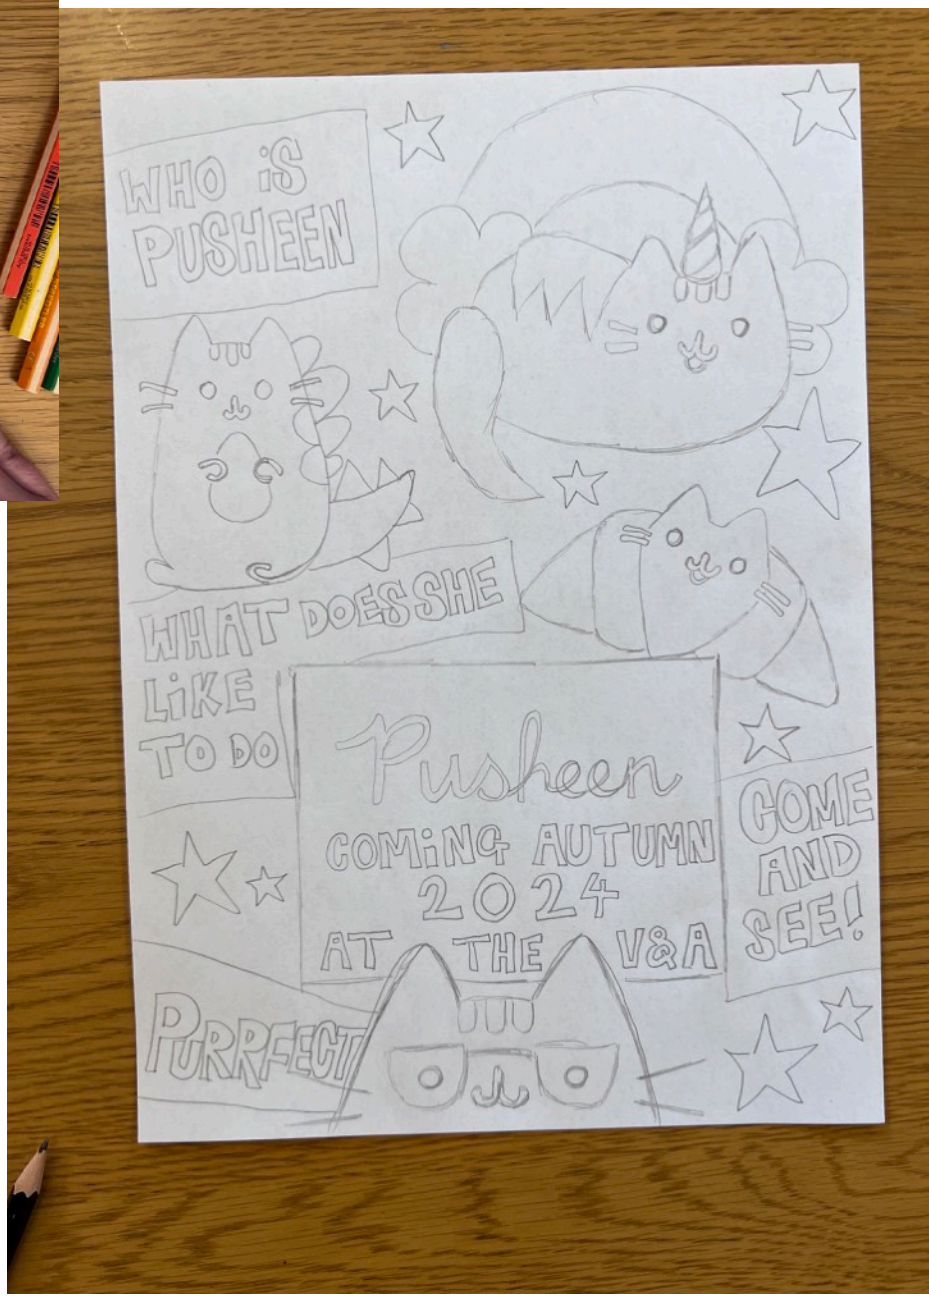

Tools and Materials:

- Paper
- Pencil
- Colouring Pencils

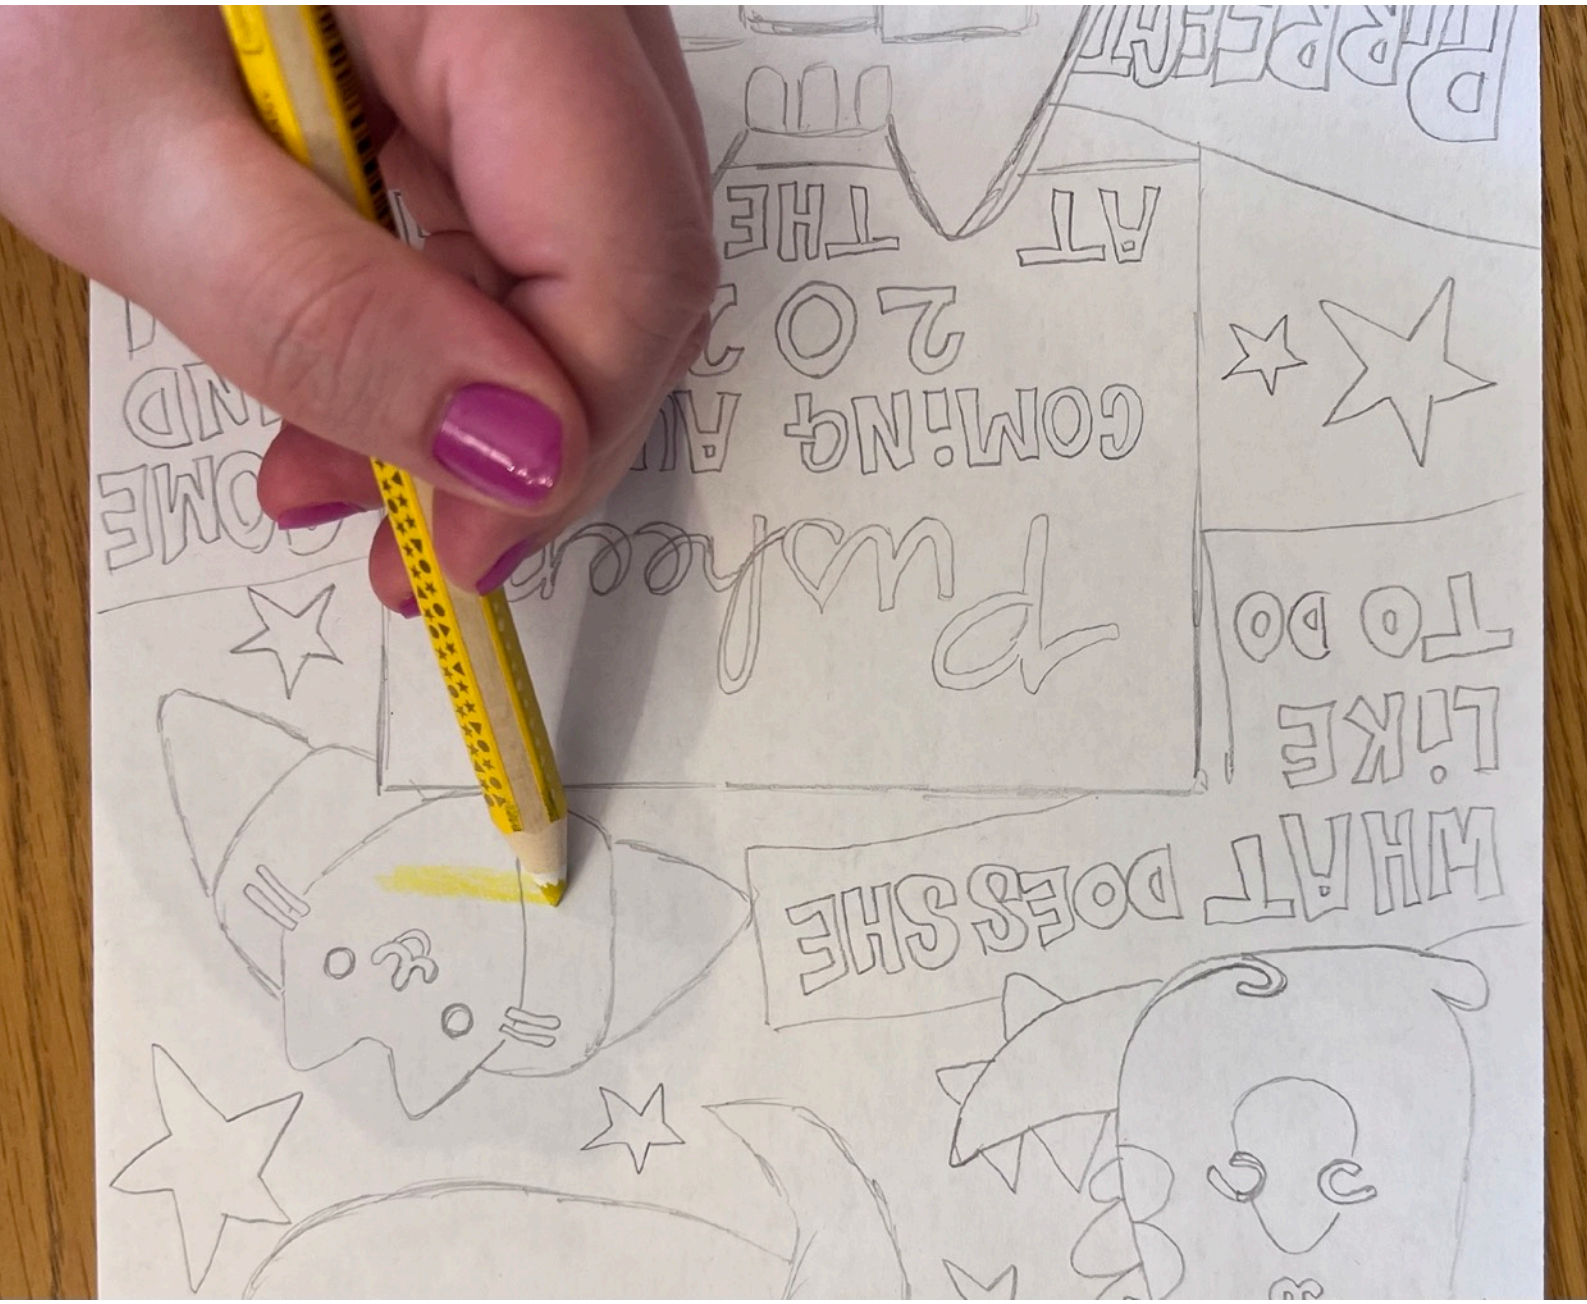

What museum or museums have you already been to? What did you see there? There are so many awesome collections in museums across the world - museums about history, nature or art and everything in between! So we thought about things that we like and settled on a “Pusheen” exhibition - it could be anything from comics to food to sport - anything you find interesting! Start sketching our what you think an exciting poster might look like!

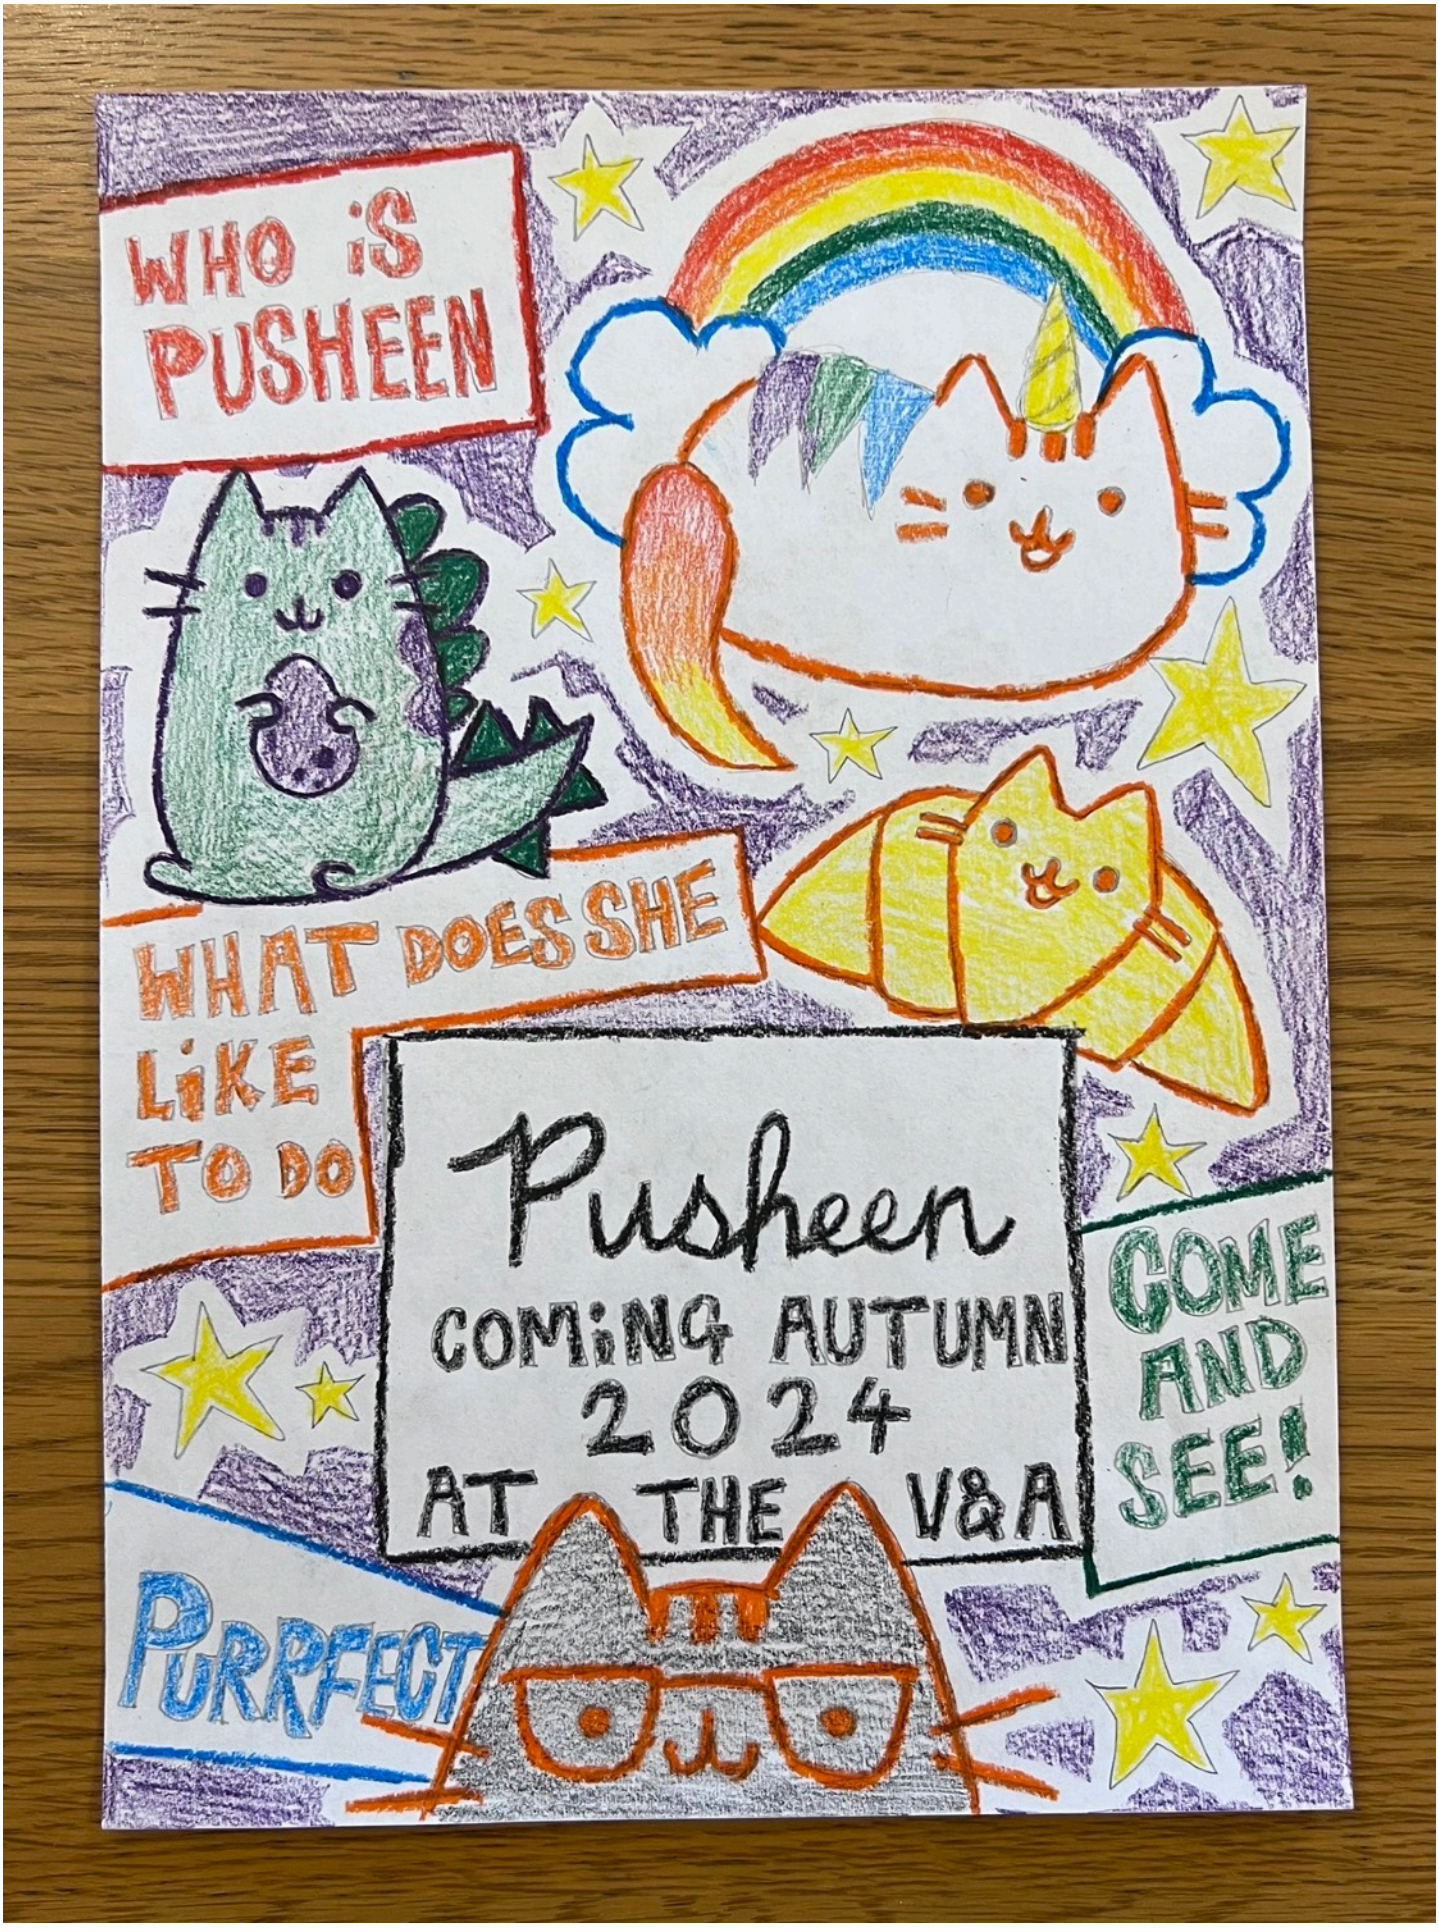

Because it is an imaginary exhibition you can choose where it will be held. Posters have to have basic information such as where it is, when it is and what it is about - so these are all things to think about. Once happy with all the content you can colour it in

There you have it your very own “Exhibition Poster”!

Here is another we made to inspire you!
