## Autumnal Silhouettes

Autumn casts the most beautiful sunsets across the sky taking inspiration from this why not create your own sunset inspired picture

Tools and Materials:

- Paint: Red, Orange, Yellow and Black
- Paper
- Paintbrush
- Water

Start off by putting your darkest colour at the top of your page - make sure to put some newspaper underneath so you don't stain the table!

Add the orange on, you can use water to blend between the two colours to look more like a sunset

Then you can add the yellow - again using water to blend between the colours

We are planning on doing a bridge over water we have left space to repeat the sunset but reversing the colours as if reflected on the water like so

Now you can start to add in your scenery!

There you have it your very own "Autumnal Silhouette"

Here is another we have made to inspire you!
