“It’s Our World”

It's Our World is aiming to create the UK's largest online collection of artworks mapping the British Isles, as seen through the future custodians eyes. Why not put yourself on the map!

Tools and Materials:

- Watercolours
- Paintbrush
- Water to clean your brush
- Paper
- These are just the materials we like to use - for inspiration check out <http://www.itisourworld.org.uk/resources/artresources/how-to-get-started/>

Get outdoors and draw your neighbourhood! It could be the view from your window, your favourite park or even making art out of found objects - here are some we have done to inspire you! You can always email us your artwork and we will upload it on the gallery for you - coolartclasses@gmail.com
