Read a Book Day Illustration

We celebrated National Read a Book Day on the 6th September but there are plenty more book inspired days to get you thinking about reading - plus what better way to share your enjoyment of a story than by illustrating it!

Tools and Materials:

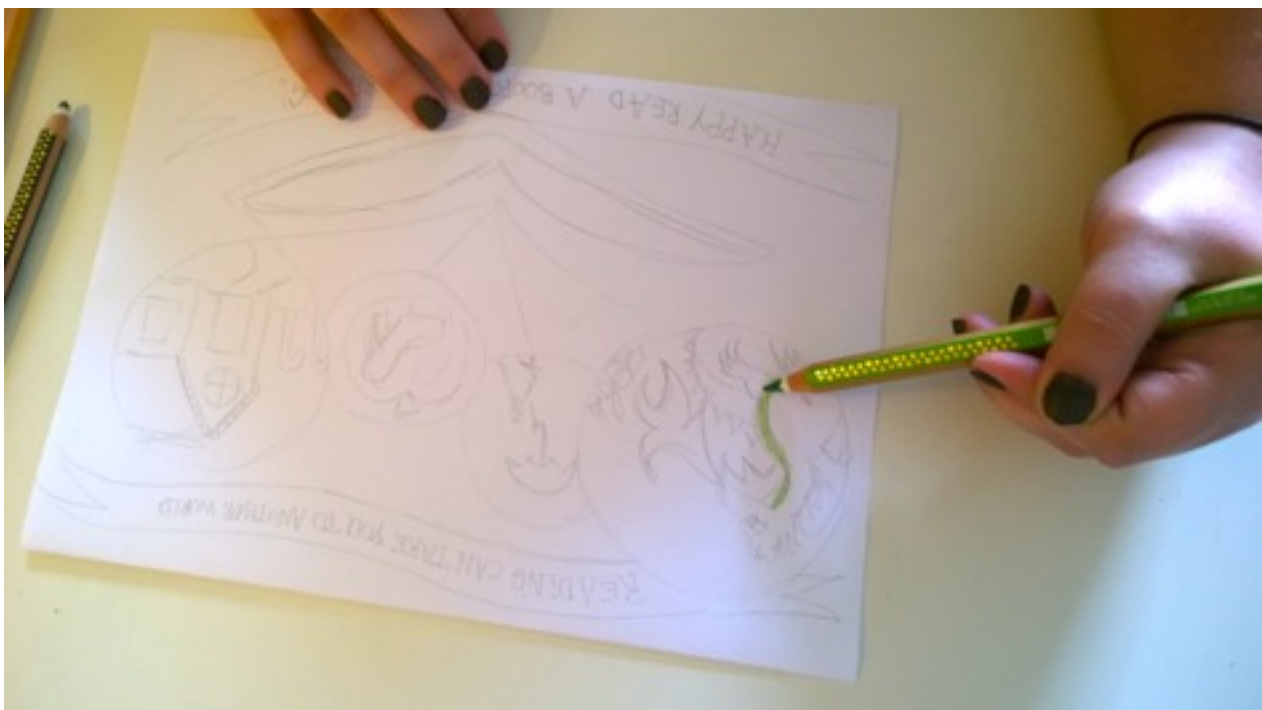

- Paper
- Pencil
- Colouring Pencils

So think of a book you have read and really enjoyed - was it a tale of knights, princesses and fire breathing dragons? Did it have magical wizards or fairies? Swashbuckling pirates? Or if you were going to write a story what would it be about? We decided to draw elements of different stories rather than just one book but much like your imagination the possibilities are endless! Start mapping out your idea like so

Then you can colour it in!

And there you have it a drawing to celebrate “Read a Book Day”

Here are some more we created to inspire you
