Japanese Cherry Blossoms

Taking inspiration from Spring we thought it would be fun to create blow painting Japanese Cherry Blossoms!

Tools and Materials:

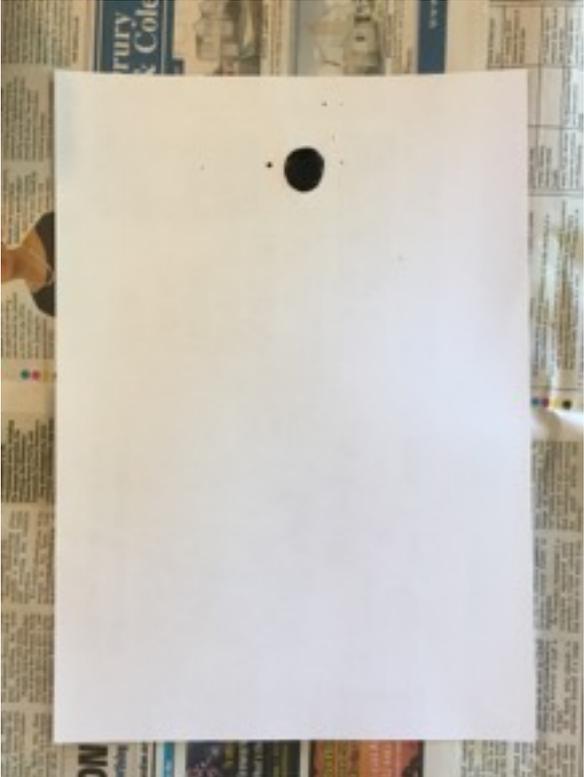

- Ink
- Paper
- Newspaper (to protect the table!)
- Glue Stick
- Straw to blow with
- Tissue Paper

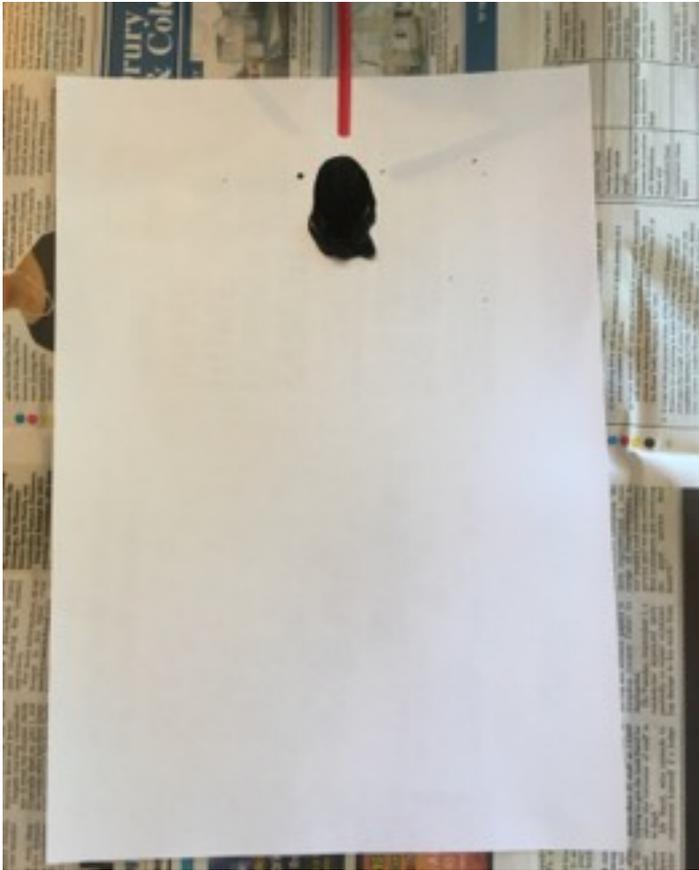

First of all you need to lay out some newspaper to cover the table as this can be quite a messy activity!

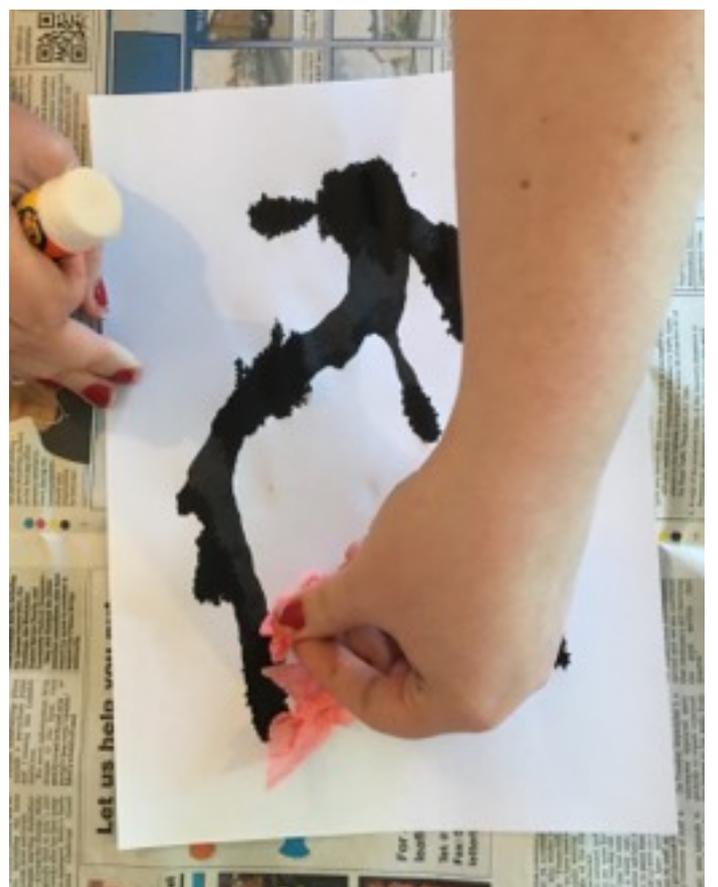

Add some drops of ink onto your page like so

Now to create your tree - all you need to do is blow through the straw - you can change directions to move branches, just play around to see how it goes you can always use your first piece as a practice! Add more ink if you need!

Once you are happy with your tree you can add blossoms, take your tissue paper and rip a bit off, scrunch it up and glue it on - these create your flowers

And there you have it your own Japanese Cherry Blossoms!
