## Leaf Painting

A fun way to mark Autumn and by using what nature provides us why not use leaf as your canvas? See what you can create!

### Tools and Materials:

- Dry Autumn Leaf
- Acrylic Paint
- Newspaper
- Water
- Paintbrush

As with any piece of artwork you need to decide what you'd like to create! We thought it would be fun to create pattern based work for this so once you have an idea of what you'd like to do then you can start painting!

Don't forget to put the newspaper down to protect the table or wherever you are painting!

And there you have it your very own “Leaf Painting”!

Here's another we created to inspire you!
