

## Postcards of Hope

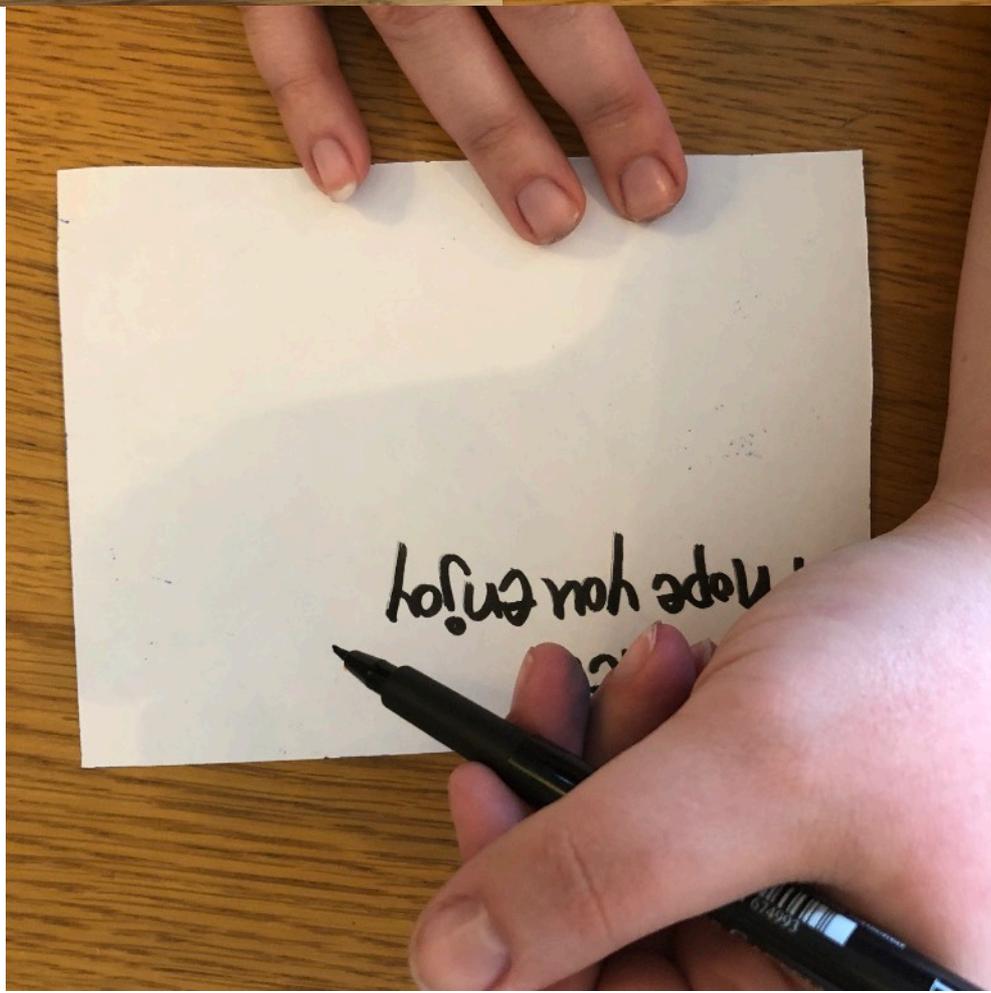

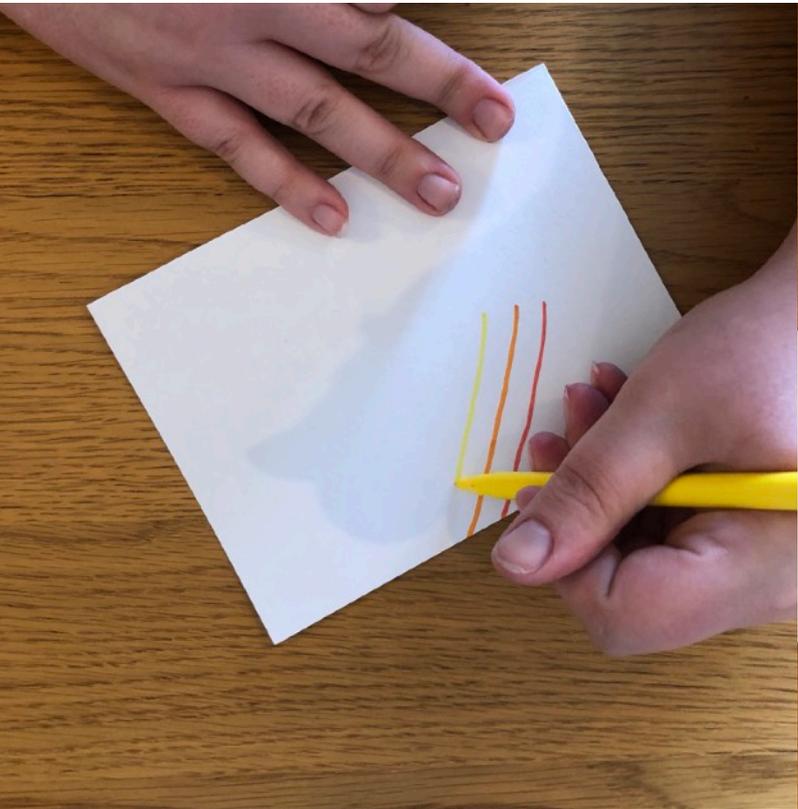

World Refugee Day is the 20th June each year - why not create a postcard you can send to a local charity to welcome refugees to your local area - or even larger charities overseas. Look online to see where you could send them to!

### Tools and Materials:

- Postcard sized paper
- Felt Tips

First of all think about what you might like to receive if you were in a new country maybe without friends or family - what words of welcome might you like to hear? Draw out an image and think about your message to send!

And there you have it your very own postcard of hope!

Welcome!

I hope you enjoy living in Lambeth as much as I do it's a vibrant community with so much to do! I especially love walking along the Thames at Night! Amanda

Here is another we made to inspire you!
