String Art

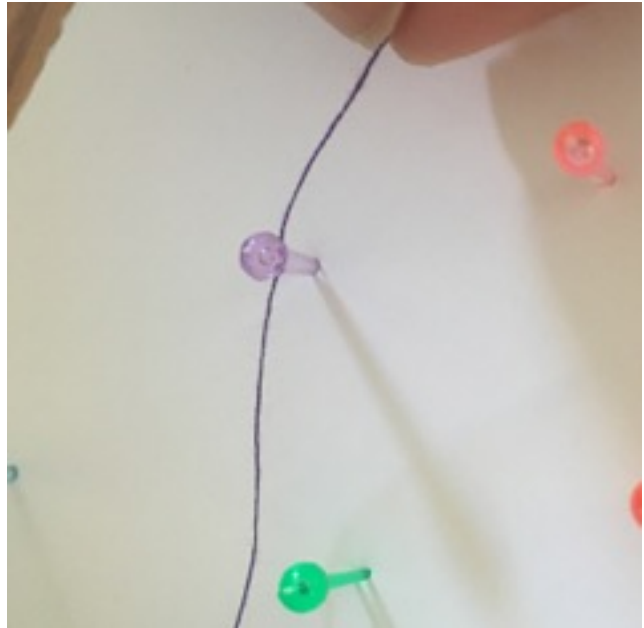

To celebrate Mad Hatter Day and the 150th Anniversary of Alice in Wonderland, 6th October 2015, we created a place setting as if we were at the Mad Hatter's Tea Party!

Tools and Materials:

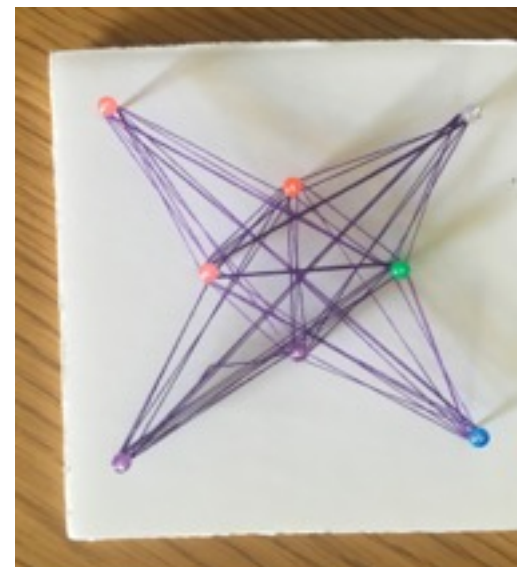

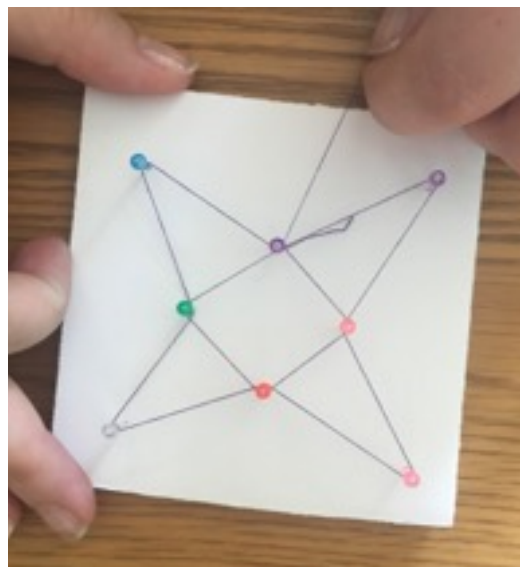

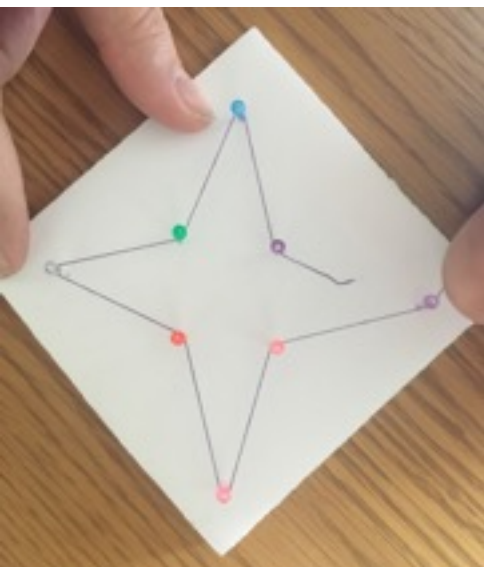

- Cotton Thread
- Foam Board
- Pins

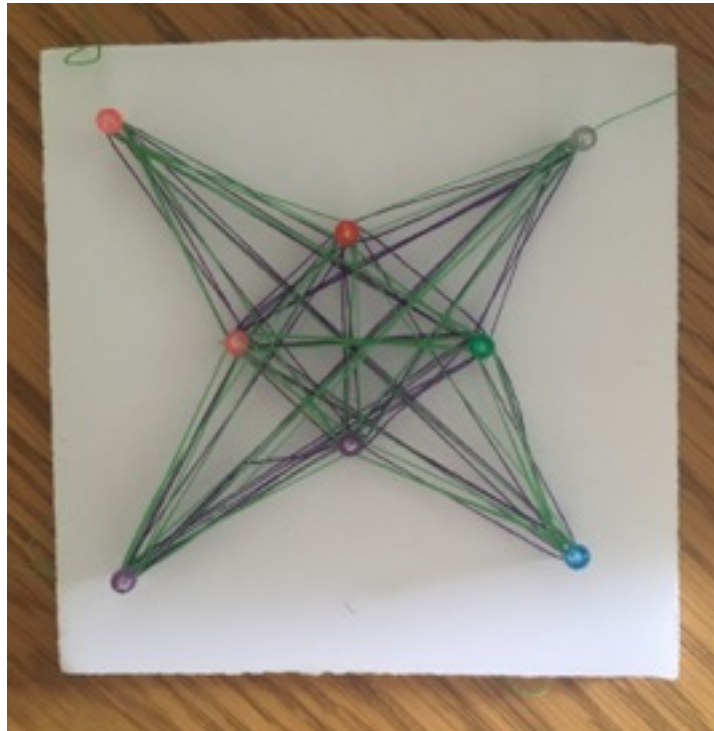

So the reason we use foam board is so that the pins have something to rest in and hold them in place, we found plastic sequin pins to be the best as they aren't too sharp you could use sewing pins but please do be careful if you do! What do you want to create an image or a pattern?
Place your pins in and get started

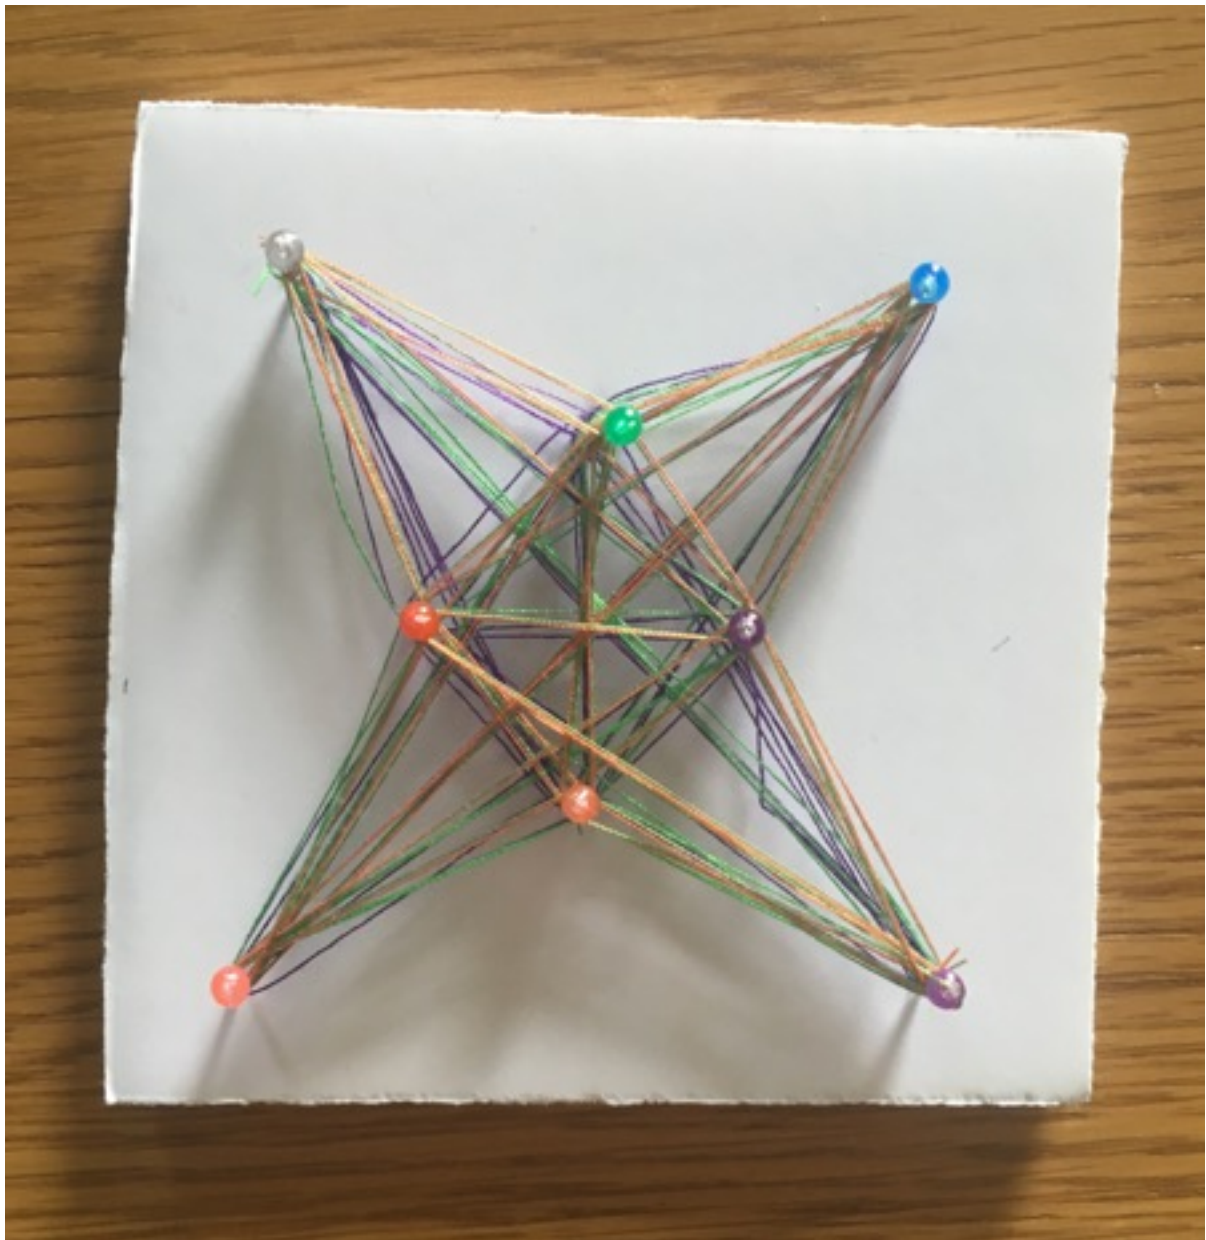

When you add your first string you need to tie a knot in it to go round the pin to keep it in place then you can get winding - there is no right or wrong loop it around whichever pin you want to make your image!

Carry on winding till you are happy with it and then change colour - don't forget you need to tie a knot when you have finished with one colour and tie another when you start the next - otherwise it will come off and lose your work!

And there you have it your very own string art

Here are others we made to inspire you!
