

Summer Shades

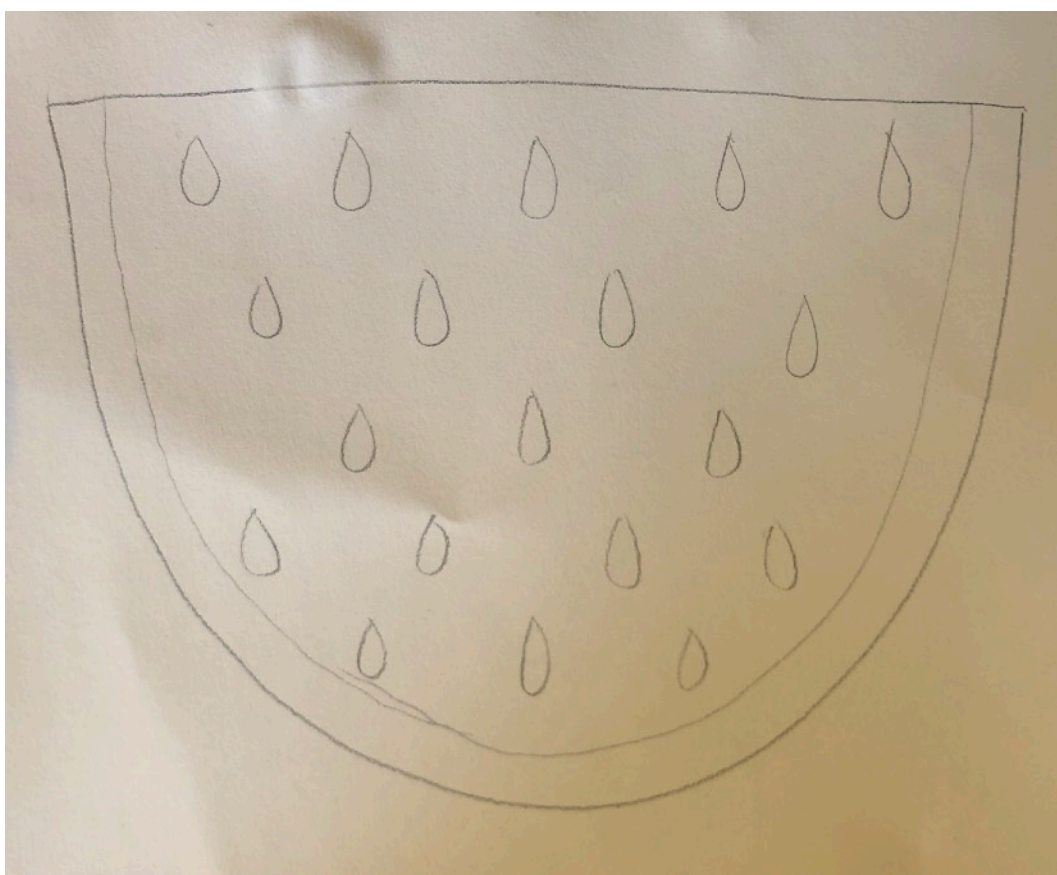

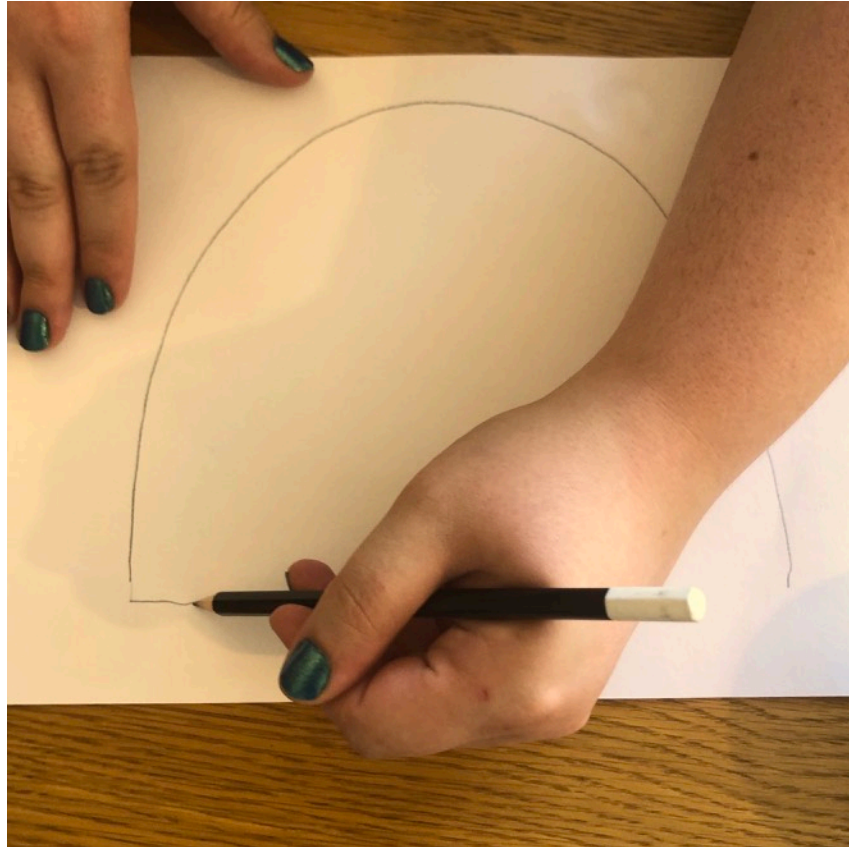

Taking inspiration from Summer why not create a painting using Warm Summer Colours (red, orange, pink) or Cool Summer colours (blue, green, turquoise)

Tools and Materials:

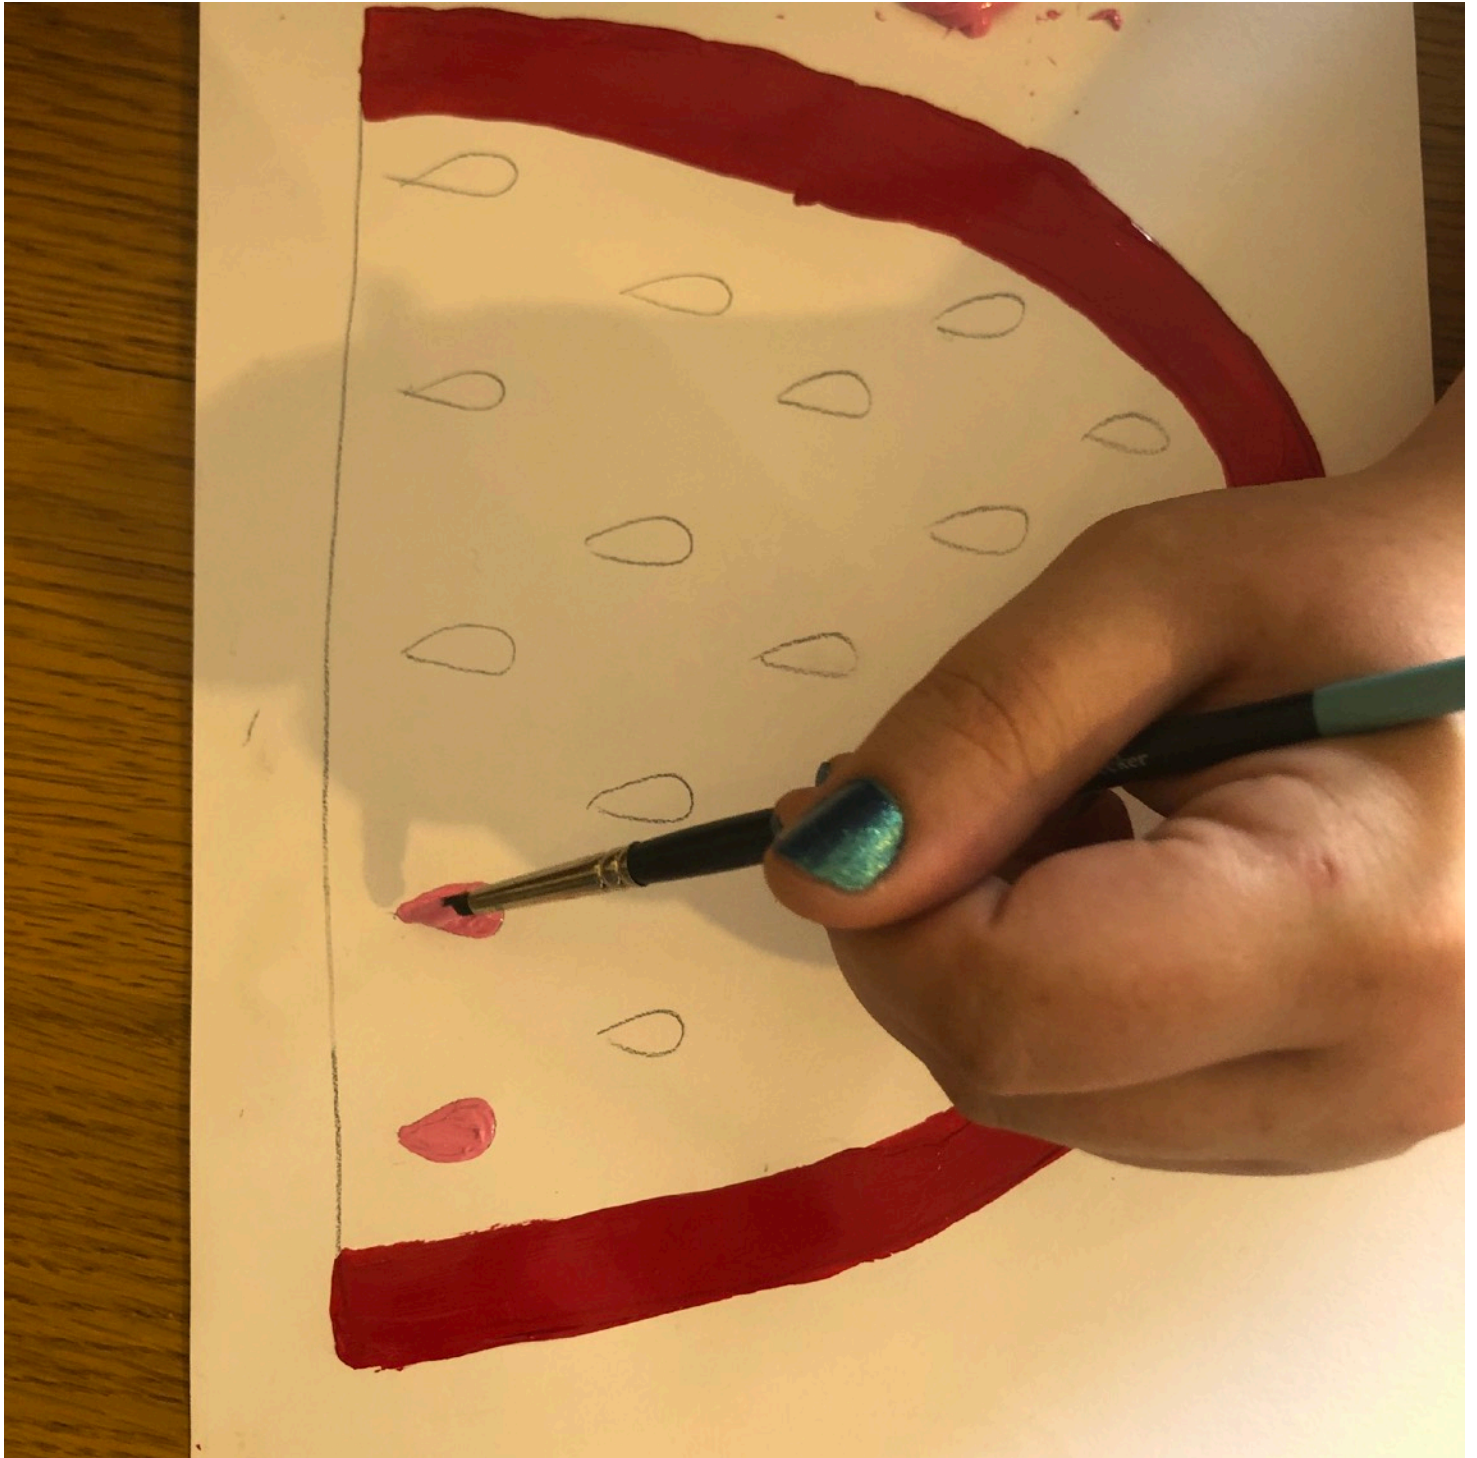

- Paper
- Paints (warm or cool shades)
- Pencil
- Paintbrush
- Water

So we chose to go for the Warm summer colours but you can do warm or cool it is totally up to you! What do you want to draw - bearing in mind you have limited colours simple images work better than overcomplicated drawings. Start by drawing out your image

Once you are happy with your image you can think about how you want to paint it - the colours don't have to be true to the item you have drawn as you are using a select colour palette

There you have it your very own warm
“Summer Shades” painting!

Here are some more we made to inspire you!
