

# Tongue Twisters

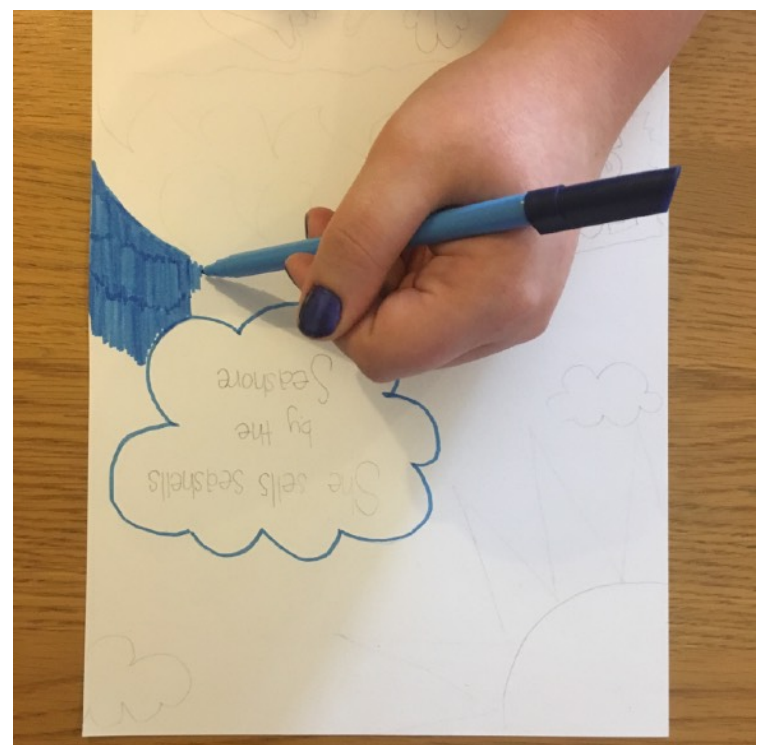

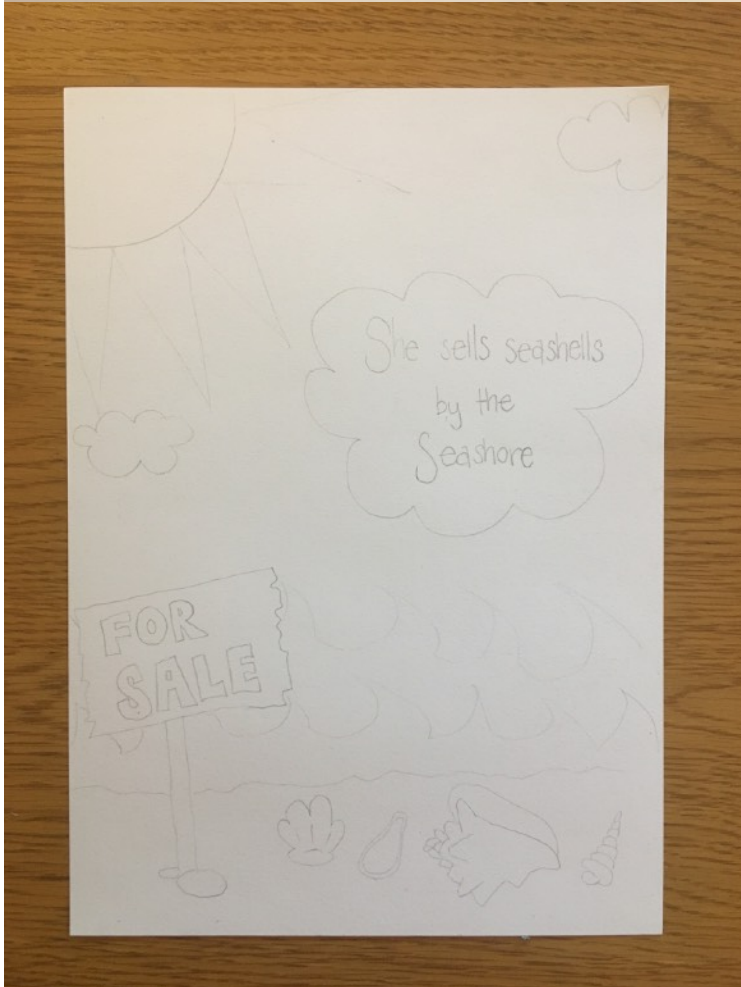

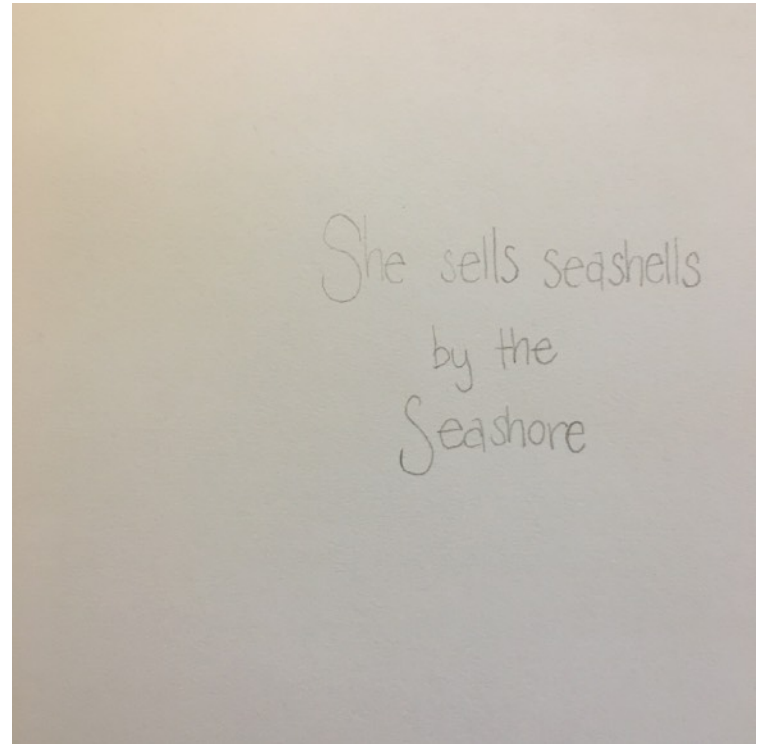

Taking inspiration from International Tongue Twister Day (the second Sunday of November) we thought it would be fun to create illustrated ones!

Tools and Materials:

- Paper
- Pencil
- Felt Tips

First of all what tongue twister do you want to illustrate? You could make one up if you like or look one up on the internet - we thought it would be fun to illustrate "She sells seashells on the sea shore" try saying that fast! What should be in the picture? What is in the tongue twister - have a think and start drawing and colour it in!

There you have it your very own Tongue Twister!

Here is another we created to inspire you!
