

World Kindness Day Poster

World Kindness Day falls on the 13th November each year - why not illustrate a slogan about kindness or come up with your own slogan to illustrate to celebrate this day!

Tools and Materials:

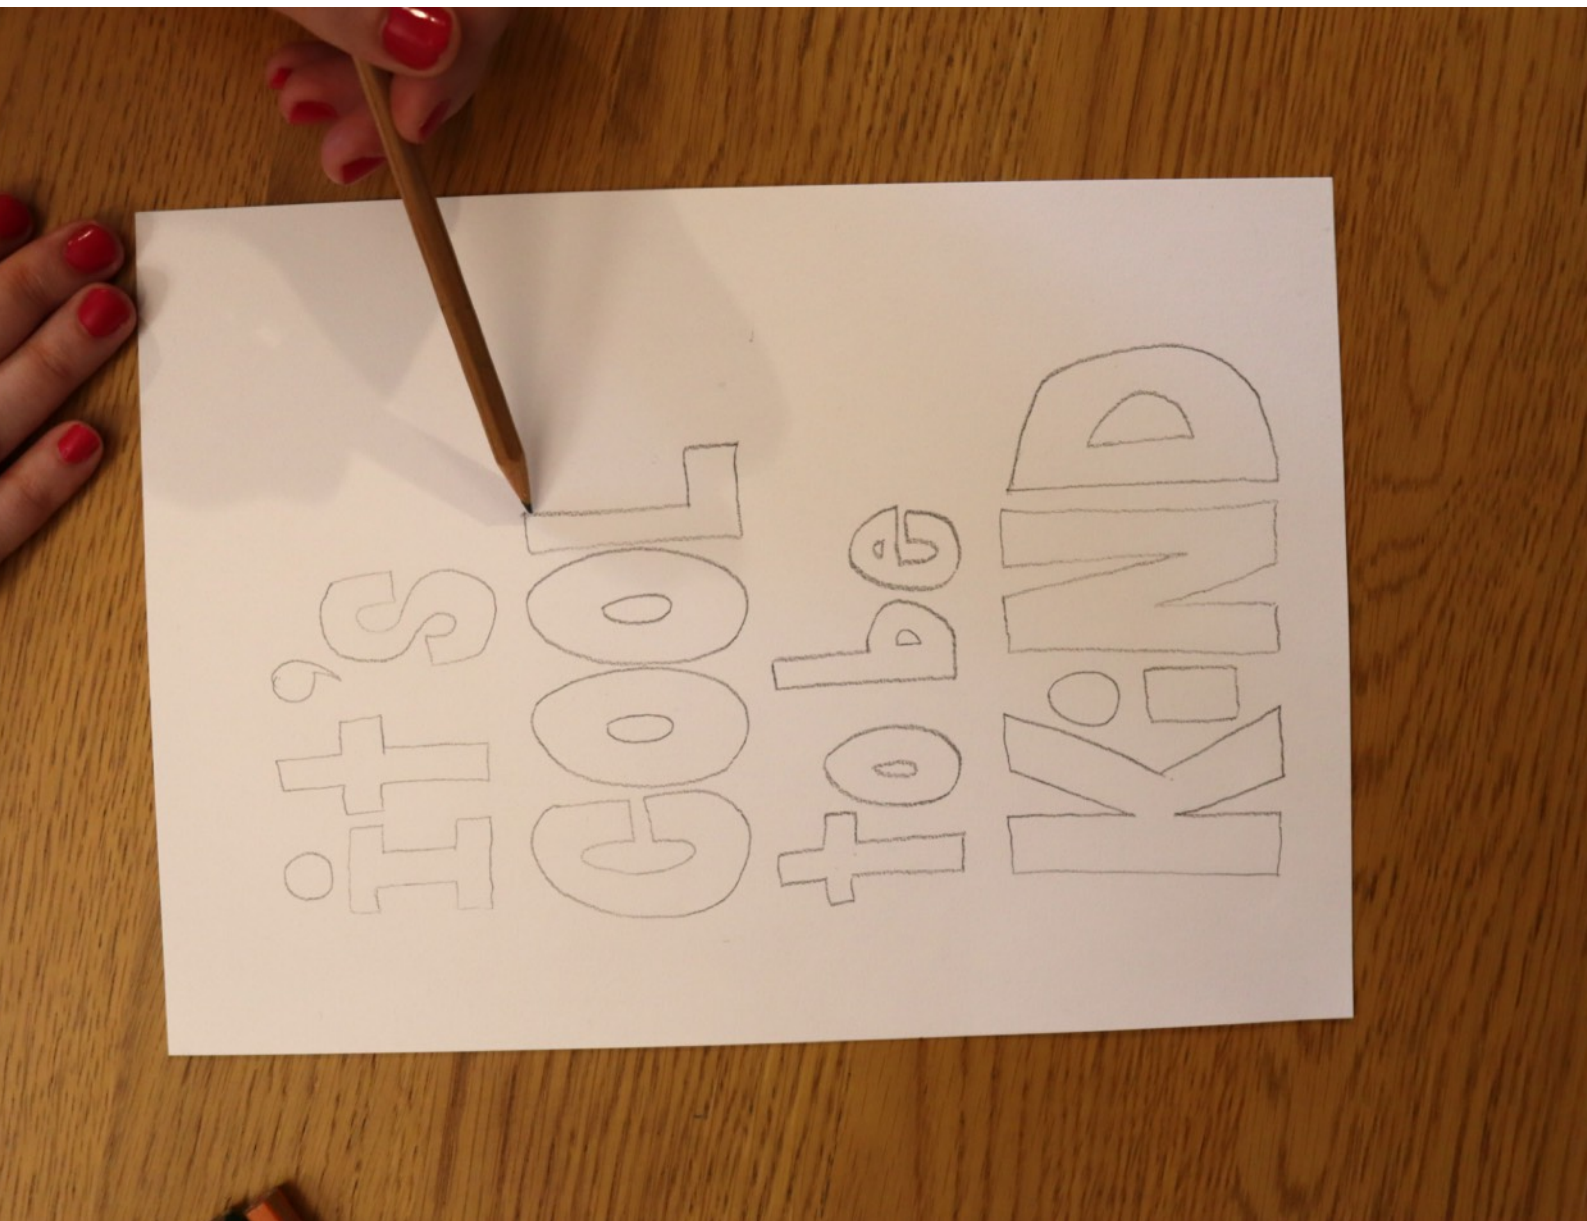

- Paper
- Pencil
- Coloured Pencils

First of all think about the quote you would like to illustrate or what words about kindness you can think of yourself - there are some great quotes on the internet if you are stuck such as:

"In a world where you can be anything, be kind"
Jennifer Dukes Lee

Sketch out the words how you want them displayed

Colour them in, like so and then think about what background you could create to compliment it like so

it's
COOL
to be
KIND

The image shows a piece of white paper with the phrase "it's COOL to be KIND" written in a playful, hand-drawn font. Each word is a different color: "it's" is yellow with an orange outline, "COOL" is green with a dark green outline, "to be" is light blue with a dark blue outline, and "KIND" is purple with a dark purple outline. The letters have a slightly textured, shaded appearance, suggesting they were drawn with colored pencils or markers. The paper is placed on a wooden surface.

There you have it your very own
“World Kindness Day Poster”!

Here's another we created to inspire you!

KINDNESS
😊 is LOVE
MADE 😊
VISIBLE
