

Sci Fi Character

May the 4th (May the fourth be with you) is informally celebrated as Star Wars Day so you can create some artwork directly related to the characters or you can design your own Sci Fi inspired creation like we have!

Tools and Materials:

- Paper
- Pencil
- Colouring Pencils
- Felt Tips

So whilst a lot of people have seen Star Wars not everyone has so in this teaching pack we are going to think about creating our own Sci Fi character, if you do want to draw directly from Star Wars there will be loads of images online you can use for reference! Start sketching your character out that you are designing like so

Once you are happy with your creation you can start colouring it in!

There you have it your very own “Sci Fi Character”!

And not forgetting Star Wars Day - DARTH VADER!
